this book is a quick and accessible reference guide to the key concepts that social work students and professionals need to understand to be effective the authors place practice at the centre of the text and include a host of case examples to bring the concepts to life examining the essential topics of the social work curriculum the

concepts covered relate to practice theory policy and personal challenges further reading is included in each entry so that the reader can explore what they have learned in more detail this book will be an invaluable resource for social work students during their studies and on their practice placement it will also be useful for qualified social workers who want to continue their professional education

social work practice in health care settings is written by social work practitioners for colleagues in health care settings it is aimed at teaching social workers how to survive in a rapidly changing health care system the text emphasizes the role of the social worker in a variety of health care settings with a variety of unique patient disease groups from community health centres to hospitals and from cancer patients to alzheimer s victims this book brings together for the first time the special expertise of social work in responding to various health care needs one unique feature of this text is the emphasis on the potential for social work role development in each of the particular areas covered with each article written in a standardized format it is appropriate for both undergraduate and graduate courses in schools of social work as well as for social work practitioners in the field and allied health professionals

i can say without equivocation this text is without doubt the best book about social work i have read chris beckett explores the purpose values activities and theories of social work in an ever changing social context that is clearly identified and examined stephanie petrie university of liverpool every day social workers face decisions that will significantly impact others lives and it is essential that these practical assessments are supported by a sound understanding of social work theory in this innovative and highly accessible textbook chris beckett explains how an understanding of these theoretical issues can improve the knowledge and skills base of professional practice essential theory for social work practice is an engaging and readable text with a distinctively realistic and honest approach to the realities of everyday practice framed in a comprehensive and logical structure part 1 establishes what social workers do and the tools they need part 2 considers how to assess handle and support change in others part 3 explores the wide range of roles that social workers must fulfil part 4 strengthens these links between theory and practice exercises case examples chapter summaries and practice notes are used to great effect in each chapter enabling students to apply theory to practice as they progress through the book the book is an invaluable core text for all undergraduate social work students and offers excellent support for practitioners in their every day practice

this workbook provides ideal preparation for students wanting to become self aware and self evaluative before moving into practice for the first time

this very practical guide will teach students everything they need to know to successfully apply theory methods and approaches in real life practice it will assist in developing and hone their skills to make the best start in their practice placement and beyond as a newly qualified practitioner to get the most out of this book visit the companion website at study.sagepub.com/rogers2e to find journal articles templates how to guides and brand new videos with discussion questions and a glossary

social work skills are essential to good practice and more important than ever following changes to the social work curriculum students must be able to demonstrate knowledge of core skills within policy law as well as demonstrating empathy and good communication this fully revised student guide previously published as social work skills with adults will help to cement these skills and includes chapters on intervention empowerment and advocacy skills for collaborative working self presentation and much more this book will equip social work students with the skills to meet the new and perennial challenges to achieving empowering practice with carers and people who use services there are chapters on working with families communities and individuals and how social policy affects all of these groups case studies and reflective exercises are used throughout to explore these issues and help link theory to practice

introducing the concept of observation to social work students can be a complex and challenging task assessing their observation skills and assignments can be even harder especially if much of this work takes place implicitly throughout their training and placements this book will help students to grasp the fundamentals of social work observation from the theories and methods to how these can be demonstrated in everyday practice skills are covered throughout as well as effective observation work with different client groups and in different settings the authors argue that an observant social worker is an effective and resilient one and demonstrate this through case study material and research summaries

skills lie at the heart of all actions of a social worker and inform all aspects of practice from drawing on vital theoretical and ethical frameworks to applying the law and research findings to particular situations this user friendly and logically organised text book brings together in one place all the vital skill sets which students need to acquire in order to qualify as social workers it reflects current practice frameworks and addresses a wide range of skills including communication and relationship building professional writing ethical practice assessment and reflection this engaging and practical book is essential reading for social work students taking skills and practice modules as well as being a critical tool for practitioners looking to enhance their skills in social work practice

it is vital that social workers have a deep and critical understanding of the social work value base and are able to analyse and apply values and ethics to their everyday practice this fully revised edition of one of our best selling titles identifies current issues in social work and then applies an ethical dimension these issues are then investigated further within an anti discriminatory framework and against the background of the code of practice for social care workers and employers traditional value perspectives are clearly explained and current developments in virtue theory and the ethics of care for social work are also introduced

revised edition of the authors research for effective social work practice 2013

a step by step guide to social work practice assessment planning intervention and review

part i getting oriented1 social work an introduction2 clients and services3 values ethics and obligationspart ii thinking about knowledge and how to get it4 different views of knowledge5 critical thinking values knowledge and skillspart iii thinking about problems and causes6 competing views of problems and causes7 taking advantage of research findings about behavior and how it is influenced by the environmentpart iv a problem solving practice model8 problem solving and decision making integral to helping clients9 evidence based practice a problem solving process and philosophy10 posing questions and searching for answers11 a bare bones guide to critically appraising practice related researchpart v getting started12 contextual assessment13 beginning a procedural guide14 engaging clientspart vi relationship skills15 interpersonal helping skills16 handling challenging social situationspart vii gathering and organizing information17 where to look deciding how to gather needed information18 observation learning to see19 reviewing resources and obstacles20 putting it all togetherpart viii selecting plans and assessing progress21 selecting and implementing service plans22 evaluating outcomes as integral to problem solving23 planning for endingspart ix intervention options24 education and skill building25 helping clients learn positive behavior change skills26 working with groups and families27 working with organizations and communitiespart x the long run28 maintaining skills and staying happy in your workreferences index

social work practice synthesizes the latest theories and research findings in social work and related fields and demonstrates how this information is used in working with clients because the interview is the medium in which much of social work practice takes place learning the processes and skills to conduct a productive interview is a critical part of social work education

what a sensible book a book born of much wisdom and practical experience pamela trevithick takes the reader on a wonderfully clear but thorough journey of social work knowledge skills and values in which theories are elegantly put into practice the whole enterprise is reassuringly held together by a strong commitment to organised thinking and the value of the social work relationship for those who want to sharpen their ideas while keeping their practical feet firmly on the ground this is the book for you professor david howe university of east anglia uk this new edition is an excellent resource for practitioners students and indeed managers in social work and social care who are committed to effective practice and service delivery trevithick provides a comprehensive knowledge and skills framework and excellent practice examples to enable the reader to apply the knowledge to undertaking skilled and effective practice this is a clear readily understandable and comprehensive text which also integrates the complexity of practising social work i highly recommend it professor joyce lishman recently retired as head of school of applied social studies robert gordon university uk a fantastic guide to social work practice and one i would recommend for the bookshelf of any social work student it has a user friendly style that presents issues in an accessible way kate grant social work student university of bristol uk a brilliant must buy book for all social workers it covers an amazing range of issues which are easy to find using the index i will use it constantly throughout my career amanda moorcroft social work practitioner uk since its first publication in 2000 this best selling text has been an invaluable resource for thousands of social workers preparing for life in practice written by an influential academic practitioner it is widely regarded as the leading book in its field the third edition has been thoroughly updated to include sections on theoretical factual and practice knowledge key features include 4 new chapters that integrate theory and practice in a knowledge and skills framework or map of professional practice 80 social work skills and interventions 12 appendices describing a range of different social work approaches a wide range of practice examples linking theory and practice social work skills is essential reading for all social work students and a valuable reference tool for practising social workers social services managers and human service professionals

first published in 2003 routledge is an imprint of taylor francis an informa company

a solid theory to practice guide to contemporary mezzo and macro social work written by a renowned team of scholars social work practice with groups communities and organizations focuses on the contemporary theory and practice of social work each chapter delves deeply into the key theoretical considerations surrounding a particular practice area exploring the clinical implications of each spanning the full range of both mezzo and macro practice areas the authors thoroughly look at the assessment of and interventions with group community organizational and institutional settings the most authoritative book in this field social work practice with groups communities and
