validating second language reading examinations describes the development of an empirical framework for test validation and comparison of reading tests at different proficiency levels through a critical evaluation of alignment with the common european framework of reference cefr it focuses on contextual parameters cognitive processing operations and test results and identifies parameters for the description of different levels of reading proficiency examinations the volume explores procedures for linking tests to the cefr and proposes both qualitative and quantitative methods that complement the procedures recommended in the council of europe s relating language examinations to the common european framework of reference for languages cefr a manual piloted in 2003 and revised 2009 key features of the book

include a detailed review of the literature on cefr alignment vertical scaling test specifications and test comparability a comprehensive and coherent approach to the validation of reading tests an accessible and systematic description of procedures for collecting validity evidence based on a sound theoretical framework a case study comparing different testing systems targeting the same cefr level

as the demand for english language education grows in asia there has been a parallel growth in the development and implementation of standardized tests at the local level offering much needed context on locally produced tests in asia contributors examine emerging models for english language assessment and the impact these large scale tests have on the teaching and learning of english chapters address the following well known and developing high stakes tests in different regions across asia the gept the teps the vstep the cet the eiken and teap and the elpa brought together by world renowned testing assessment scholar cyril weir and the language training and testing center ltcc one of asia's leading testing institutions based in taiwan this volume is a useful reference for evaluating developing and validating local tests of english and their societal impact comprehensive and research based chapters cover historic backgrounds sociocultural contexts test quality international standing and future considerations ideal for graduate students researchers and scholars in language assessment tesol tefl and applied linguistics this book will also be of interest to language teaching professionals language test developers and graduate students in asian studies and international education intercultural communication and intercultural studies

this volume explores the process of aligning language tests with the common european framework of reference cefr

this book focuses on the development of the process of teaching and assessing foreign language competence for study purposes in a pluricultural and plurilingual context it addresses not only the individual who is learning the language for academic purposes lap but also other stakeholders like teachers schools and universities and external boards such as examination boards for language testing the book highlights an ongoing research project at the university of parma italy aimed at developing teaching programs and evaluative tools for language for academic purposes starting from a reflection upon the nature of language for study purposes stemming from the tradition of english for academic purposes it describes the model of an lap test implemented in italian secondary schools and universities and shows the findings concerning the performance in the test of both students whose mother tongue is indo european and those who speak non indo european languages

norway's foreign born population has tripled since 2000 and the share of migrants among the population has seen one of the largest increases across the oecd mostly driven by labour migration from eu countries most migrants from non eu countries in contrast are refugees and their family members high qualification levels and labour market participation of the native born raise the question of an adequate benchmark for integration outcomes especially for the low educated refugees and their families

this volume focuses on research in education in the basque country where basque a minority language is used as the language of instruction it focuses on academic and linguistic results and the challenges the basque educational system is currently facing this volume can be useful

for other bilingual and multilingual contexts involving different language combinations

the nordic countries have a century long tradition for cooperation within the area of citizenship law since the mid 1970s however the nordic countries have moved in different directions today the nordic countries represent the entire continuum in european citizenship policies from liberal sweden to restrictive denmark with the other nordic neighbors in between this report reviews the historical development and the current citizenship regime in the five nordic countries it provides statistics on the acquisition and loss of citizenship in each country over the past 10 15 years and it offers a comparative analysis of the divergent development of citizenship law in the 2000s the concluding chapter discusses possible consequences of the different citizenship regimes and the prospects for strengthened cooperation between the nordic countries in the area of citizenship law

corpus linguistics what it is and how it works was developed as teaching material for undergraduate and graduate courses in corpus linguistics particularly for students teachers and beginning researchers in indonesia as the field continues to grow and reshape linguistic research and language pedagogy worldwide many learners still encounter corpus methods without sufficient guidance or access to practical locally relevant learning resources this book is intended to bridge that gap

i found a lot to learn from reading the book after an excellent overview chapter that introduces the main theories of career development and outlines many of the factors that affect career development chapters 2 and 3 focus on the use of assessment in career counseling chapter 2 in particular provides numerous insights into the contribution psychological tests make to career counseling but not without making it clear that testing has its limitations it is probably the best short introductory chapter on psychological testing that i have read in particular it offers very useful guidelines as to what best practicing in testing involves the book must have been thoroughly revised since the great majority of the references mentioned in the text post date that edition jennifer m kidd in british journal of guidance and counselling providing a comprehensive approach to career counseling this volume integrates the career counseling process into the life span ranging from early childhood through older adulthood for each stage the author explores emotional physical and mental development factors the author also provides suggestions techniques and case studies for counseling clients at each of these stages two chapters cover the uses and types of various assessment instruments a critique of the instruments applicability to the counseling process is also included using a life span framework the author also discusses years of identification and differentiation years of growth and searching years of realism and separation years of compromise and commitment to a lifestyle and more the book closes with a case analysis suitable for class work in career development or related course career counselors guidance counselors and those interested in counseling psychology educational psychology and the human services will find developmental career counseling and assessment to be an invaluable guide to the field about the first edition career counselors will appreciate the thoroughness of the book and also the up to date research information which focuses on minorities and women s issues the text directed mainly towards the professional would be an excellent resource for any career library career planning adult development newsletter linda seligman has written an exceptional book which provides a comprehensive overview of the career counseling process from a developmental perspective her treatment of assessment in the counseling process adds significantly to the

literature of the field it is cogently written and balanced and contains a wealth of information recognizing that whole books have been written on material seligman covers in a chapter she makes each sequence count if i were to recommend one book on career counseling for both the beginning as well as the more seasoned professional this would be it career media

this book differs from the classical dsp book model pioneered by o s includes chapters on dft z transform and filter design the book starts out with what one reviewer calls fun topics and dsp applications

this edition of practice tests has been written to closely replicate the cambridge exam experience although it is also suitable for any english language student working at cefr b2 level each of its 200 exam styled single sentence key word transformation part 4 assessments carries a lexico grammatical focus testing lexis grammar and vocabulary the content in this volume is also available in the english master b2 mobile app part of a suite of critically acclaimed test practice learning tools geared towards the cambridge b2 first and c1 advanced use of english and listening exams laura broadbent is an educational materials writer currently based in the uk she previously taught cambridge exam courses in spain and has published learning and assessment resources with oxford university press cambridge university press pearson education and national geographic

an introduction to statistics for the behavioural sciences in which emphasis is placed on developing and explaining statistics in the context of actual research problems formal statistical theory is minimized in favour of a conceptual approach to statistics
