why discuss the jewish question because it is here and because its emergence into american thought should contribute to its solution and not to a continuance of those bad conditions which surround the question in other countries the jewish question has existed in the united states for a long time jews themselves have known this even if gentiles have not there have been periods in our own country when it has broken forth with a sullen sort of strength which presaged darker things to come many signs portend that it is approaching an acute stage not only does the jewish question touch those matters that are of common knowledge such as financial and commercial control usurpation of political power monopoly of necessities and autocratic direction of the very news that the

american people read but it reaches into cultural regions and so touches the very heart of american life this question reaches down into south america and threatens to become an important factor in pan american relations it is interwoven with much of the menace of organized and calculated disorder which troubles the nations today it is not of recent growth but its roots go deep and the long past of this problem is counterbalanced by prophetic hopes and programs which involve a very deliberate and creative view of the future this little book is the partial record of an investigation of the jewish question it is printed to enable interested readers to inform themselves on the data published in the dearborn independent prior to oct 1 1920 the demand for back copies of the paper was so great that the supply was exhausted early as was also a large edition of a booklet containing the first nine articles of the series the investigation still proceeds and the articles will continue to appear as heretofore until the work is done the motive of this work is simply a desire to make facts known to the people other motives have of course been ascribed to it but the motive of prejudice or any form of antagonism is hardly strong enough to support such an investigation as this moreover had an unworthy motive existed some sign of it would inevitably appear in the work itself we confidently call the reader to witness that the tone of these articles is all that it should be the international jew and his satellites as the conscious enemies of all that anglo saxons mean by civilization are not spared nor is that unthinking mass which defends anything that a jew does simply because it has been taught to believe that what jewish leaders do is jewish neither do these articles proceed upon a false emotion of brotherhood and apology as if this stream of doubtful tendency in the world were only accidentally jewish we give the facts as we find them that of itself is sufficient protection against prejudice or passion
