brilliant time by far the most important investment book in years bloomberg money a book that belongs on every investor's bookshelf msn com an essential and authoritative account of a century of investment returns in sixteen countries the u s the u k japan france germany canada italy spain switzerland australia the netherlands sweden belgium ireland denmark and south africa investors have too often extrapolated from recent experience in the 1950s who but the most rampant optimist would have dreamt that over the next fifty years the real return on equities would be 9 per year yet this is what happened in the u s stock market the

optimists triumphed however as don marquis observed an optimist is someone who never had much experience in triumph of the optimists renowned investment authorities elroy dimson paul marsh and mike staunton extend our experience across regions and across time they present a comprehensive and consistent analysis of investment returns for equities bonds bills currencies and inflation spanning sixteen countries from the end of the nineteenth century to the beginning of the twenty first this is achieved in a clear and simple way with over 130 color diagrams that make comparison easy crucially the authors analyze total returns including reinvested income they show that some historical indexes overstate long term performance because they are contaminated by survivorship bias and that long term stock returns are in most countries seriously overestimated due to a focus on periods that with hindsight are known to have been successful the book also provides the first comprehensive evidence on the long term equity risk premium the reward for bearing the risk of common stocks the authors reveal whether the united states and united kingdom have had unusually high stock market returns compared to other countries the book covers the u s the u k japan france germany canada italy spain switzerland australia the netherlands sweden belgium ireland denmark and south africa triumph of the optimists is required reading for investment professionals financial economists and investors it will be the definitive reference in the field and consulted for years to come

at its simplest optimism is a general expectation that good things will happen according to recent harvard health research optimism may help you live longer optimism will help you function better as a leader writing about the case for optimism the optimists voices helen clark former new zealand prime minister and administrator of the united nations development programme says good things happen when good people get together in common cause more than 200 people have shared their wisdom and insights in this book the case for optimism their views are fresh and sparkle off the pages which follow most will inspire some will amuse and others look to improve the current state of global leadership certainly this is excellent thought provoking material to share in conversations and speeches for adults and children alike some quotes from the book professor erwin loh chief medical officer monash health be an optimist and be relentless in pursuing the beacon of hope so that you are always moving towards the light that will guide you shine on you and keep the shadows of darkness and despair behind you dominic barton global managing director mckinsey optimism is at the very core of leadership the best leaders i have encountered in my career are those that remain optimistic and ambitious for their organisations even in the face of great adversity they are those whose optimism enables them to recognise the potential in others

and help them develop to be leaders themselves paul polman ceo of unilever the future lies in the hands of the younger generation and that gives me huge cause for optimism andrew liveris chairman and ceo the dow chemical company i remain as optimistic as ever today s world is abundant with opportunity to collaborate in new ways creating positive change and solutions that protect the planet and provide hope to millions of people who feel that the world has forgotten them lilia perton yogi daily practice of yoga and meditation are ways of achieving an optimistic mindset and presence we can light up the room and light up the lives of people around us with a positive manner mode of speech and a smile

inman pulls together 100 positive things for people to feel good about intended to offer readers a little hope in their daily lives this book reminds them there is always something to smile about

this is a book to inspire and strengthen your optimism helen clark former new zealand prime minister and administrator of the united nations development programme says good things happen when good people get together in common cause more than 200 people have shared their wisdom and insights in this book the case for optimism the optimists voices their views are fresh and sparkle off the pages in the case for optimism the optimists voices 200 leaders share new and inspiring quotes comments and affirmations to bring optimism to life and help guide you to greater optimism at its simplest optimism is a general expectation that good things will happen according to recent harvard health research optimism may help you live longer optimism may also help you function better as a leader most of us are sick of turning on the news or opening a newspaper and being assailed with stories of disaster mayhem and 24 7 criticism of our leaders victor perton has written the the case for optimism the optimists voices to give voice to our yearning for a positive approach to leadership and life some quotes from the book steve wozniak aka the woz co founder apple computer h s f happiness smiles frowns find ways to smile and enjoy life but don t frown don t argue don t let small things get to you just figure out the best path to move forward constructively when you see pessimists be glad that you are better with your optimism spread this thinking about optimism to young people after about age 23 your personality is settled and you can t change it just with logical reasoning andrew liveris chairman and ceo the dow chemical company in many cases globalization and capitalism has been a force for good at the same time a substantial part of humanity has been left behind by growth that has been uneven and inequitable creating a global environment marked by anger violence inequality and divisiveness despite all of this i remain as

optimistic as ever today's world is abundant with opportunity to collaborate in new ways creating positive change and solutions that protect the planet and provide hope to millions of people who feel that the world has forgotten them mick farrell ceo of resmed optimism is the triumph of hope over fear of truth over deception but it must be grounded in reality optimism without realism is just a dream hope alone is not a strategy detailed planning of scenarios laying out of plans towards an ambitious goal and then inspiring a team to climb that hill together with passion and a mission greater than oneself that combination is a sure path to success paul polman ceo of unilever the future lies in the hands of the younger generation and that gives me huge cause for optimism wherever i go in the world the young people i meet are engaged with the issues and challenges we face and focussed on finding solutions above all they are driven by a deep sense of purpose they may only represent 50 of today but fortunately young people are 100 of tomorrow and that is reason to celebrate chairman of the royal flying doctor service denis henry optimism about the future and about the essential goodness in the majority of your community and workforce is the fuel for the certainty and commitment a leader needs professor jane burns people talk about tenacity and resilience and strength of character but it is optimism that drives behavior when on some days it would be easier to say stop i give up it's too hard optimism is believing in the impossible and then taking the steps to make it possible world economic forum's bertrand badr leadership must appropriately combine a harsh sense of reality with a dose of contagious optimism it is about looking forward past the obstacles yes we can

optimism can seem like an elusive intangible concept that is challenging to apply in our day to day lives the optimist's manifesto is a guide book for practical optimism the ability to see the possibility of the most favorable outcomes and act in a way that moves toward the most favorable outcome becoming a reality divided into categories of self relationships work community and world view this book provides tips and tools to be more optimistic in all aspects of life

in a world that often seems overwhelmed by negativity it's easy to fall into a mindset dominated by fear doubt and despair the news bombards us with stories of conflict and disaster social media amplifies our insecurities and our own minds shaped by millennia of evolution seem wired to focus on what could go wrong rather than what could go right this tendency is rooted in what psychologists call the negativity bias a survival mechanism that has helped our ancestors stay alert to dangers and threats ensuring our species survival but while this bias served a vital purpose in a world where immediate threats were everywhere in today's complex and

interconnected world it can often do more harm than good imagine for a moment the life of a mouse this tiny creature lives in a constant state of vigilance always on the lookout for predators every rustle in the grass every shadow overhead could mean life or death the mouse's survival depends on its ability to sense danger and react swiftly driven by a deep rooted fear but even with all this caution the mouse may still fall prey to a hawk or a cat despite a lifetime of fear and anxiety its end is still uncertain now consider how this analogy applies to humans like the mouse we too are often driven by fear fear of failure fear of rejection fear of the unknown we focus on negative possibilities convinced that by doing so we might protect ourselves from harm but unlike the mouse humans possess something more the capacity for reflection reasoning and most importantly choice we can choose not to live our lives dictated by fear we can choose to focus on the positives to cultivate optimism and to embrace life's challenges with hope and resilience this book the optimist's path harnessing positivity for success purpose and meaning is an exploration of how to make that choice it delves into the psychological and philosophical foundations of optimism offering insights and strategies for living a more fulfilling meaningful life through a blend of psychology and philosophy we will uncover the profound impact that a positive mindset can have on our mental and physical health our relationships our careers and our overall sense of purpose the journey begins with understanding the basic human tendency to focus on the negative as illustrated in the tale of the mouse and the man from there we explore the many benefits of optimism how it can strengthen our resilience improve our health and even extend our lives we will look at the science behind optimism drawing on the latest psychological research and we will revisit the wisdom of ancient philosophers who understood the power of a positive mindset long before the term optimism was coined but this book is not just about theory it's about practical application you'll find strategies for cultivating optimism in your daily life from simple cognitive techniques to profound shifts in perspective we'll discuss how to balance optimism with realism ensuring that our positive outlook is grounded in reality not wishful thinking and in the final chapter we'll reflect on the ultimate purpose of life through the eyes of a monk who despite having no material wealth finds joy and fulfillment in the simplest of things as you embark on this journey i invite you to consider what it means to truly live is it simply about surviving like the mouse constantly on guard against the next threat or is it about thriving embracing life's uncertainties with an open heart and a hopeful spirit the choice is yours and by choosing optimism you're not just choosing to see the glass as half full you're choosing a path that leads to a richer more meaningful existence welcome to the optimist's path a journey toward a life filled with hope resilience and the quiet unshakable belief that despite the challenges life is inherently good

the first feel good feel bad handbook provides both inspiration and antidote with quotations proverbs statistics and diary extracts by well known figures living and not living in the spirit of the book who see the world through the lenses of their various fields

out now the land in winter shortlisted for the booker prize 2025 the optimists in a world full of suffering how can we have faith in humanity or the future exceptional sunday times powerful and lively financial times a delight time out clem glass a photojournalist returns from africa to london convinced there is no hope for mankind yet after his sister falls ill and he takes her back to the west country of their childhood he cannot ignore the decency and kindness he encounters or the pulse of goodness in his own heart when news comes offering clem the chance to confront the author of his nightmares he must choose what sort of man to be praise for andrew miller andrew miller s writing is a source of wonder and delight hilary mantel one of our most skilful chroniclers of the human heart and mind sunday times one of the best writers at work today telegraph a wonderful storyteller spectator one of those rare novelists who can rock up in any time and place and convincingly inhabit that particular historical moment the times

supplements to the board s annual report include the report of the medical officer
