this volume analyzes how evaluation theorists apply their approach in practice a scenario of a situation at an elementary school is presented to four prominent theorists who describe how they

would design and conduct an evaluation of the school's program the editors consider the theorists proposed evaluations as well as their subsequent comments to develop themes related to the influence of theory and context on practice they also provide a comparative analysis of the theorists evaluation approaches in relation to the context of evaluation case presented evaluation theorists seem to be quite good at propounding on how they think the evaluation world ought to work yet do we really know that what theorists say they would do in practice is indeed what they would actually do evaluation after all is situational each context offers its own constituency set of values programmatic elements bureaucratic hurdles and other variables this volume demonstrates why evaluators need to adapt their point of view to a particular situation and provides much needed study and analysis on the way in which they make those adaptations this is the 106th volume of the jossey bass quarterly report series new directions for evaluation

a guide to mentoring new teachers in a montly format

this book highlights the pitfalls of over reliance on management models at the expense of strategic vision and explains the tensions that may arise between operation and strategic concerns it shows how a successful balance can be maintained applied and sustained over time

getting the very best from your top people is the key to your success winning strategies require excellence in execution by senior and middle management focusing on the interaction between senior business leaders and their teams takes skill and a thorough understanding of human behaviour whilst this is important it takes up valuable time often leading to you taking your eye off the ball on other crucial areas of the business creating a robust culture where responsible managers share in the vision and execute it through positive change rather than leaving it to chance your teams become highly motivated to succeed and deliver on your goals it puts your vision into action it is easy for business leaders to be frustrated because their senior people don t appear to get it and because middle managers seem even further removed from the core realities and drivers of the business by focusing on the crucial area of how when and why people buy into the vision beyond the first step establishes and embeds your core values and winning behaviours ensuring alignment between the vision and the people who deliver it to get you what you desire beyond the first step uses a practical change process which incorporates behavioural theory to truly harness what motivates your people and aligns them to the vision allowing leaders the space to lead learning and development as you understand is a process and not just an event beyond the first step success skilfully guides and steers you and your teams through that process bringing your vision to life
