Ireland underwent a dramatic economic and social transformation from the 1990s onwards earning it the title the Celtic Tiger. Rapid economic growth was accompanied by substantial immigration. However, in the later 2000s Ireland is also experiencing a severe economic recession. This book examines the nature and geographies of the Celtic Tiger, focusing on the evolution of industries such as information and communication technology and pharmaceuticals. It also examines the changing nature of social ties in cities, trends amongst knowledge workers and the experiences of return migrants. It concludes with reflections on the nature of the Celtic Tiger phenomenon and how this will shape Ireland's geography and society into the future. This book was published as a special issue of *Irish Geography*.

Skills are the key to shaping a better future and central to the capacity of countries and people to thrive in an increasingly interconnected and rapidly changing world. This report, *OECD Skills Strategy Ireland: Assessment and Recommendations*, identifies opportunities and makes recommendations to secure a balance in skills, foster greater participation in lifelong learning, leverage skills to drive innovation and improve firm performance, and strengthen skills governance to build a joined-up skills ecosystem in Ireland.

This open access book addresses challenges related to women in STEM in higher education, presenting research, experiences, studies and good practices associated with the engagement, access and retention of women in the STEM disciplines.
