when hitler s deputy rudolf hess set off for britain on a peace mission in may 1941 he launched one of the great mysteries of the second world war had he really
acted alone without hitler s knowledge who were the british he had come to see was british intelligence involved award winning historian peter padfield presents
striking new evidence that demands the wholesale reappraisal of the episode for allied to a powerful argument that hess must have had both hitler s backing and
considerable encouragement from britain padfield demonstrates that he also brought with him a draft peace treaty committing hitler to the evacuation of occupied
european countries made public this would have destroyed churchill s campaign to bring the united states into the war expertly woven into a compelling narrative
that touches on lord victor rothschild and the cambridge spy ring possible british foreknowledge of operation barbarossa and the final solution mi6 s use of hess to
prevent the bombing of london and the mysterious circumstances of his death in spandau prison including the previously unseen witness accounts from that day
hess hitler and churchill is among the most important history books of recent years

on 29 may 1944 general george s patton gave a speech in the south east of england to the men of his army in which he spoke of the american desire to win and of

how losing was hateful to americans as he rose to his crescendo he said how much he pitied those sons of bitches we are going up against by god i do on that same day general omar bradley gave a calmer speech in somerset to the men of his army about how much rested on the upcoming invasion of northern france and how vital their role was in achieving victory apart from the very different tones of the speeches reflecting the opposite character of the two army commanders there was another big difference bradley was speaking to men who in a little over a week would be splashing ashore on the beaches of normandy patton was addressing an army that didn't exist the army that never was tells the story of the biggest deception operation of the second world war the plan to mislead the germans into thinking that the invasion of europe would come at the pas de calais by inventing an entirely fake army group in the south east of england full of fascinating characters from the us britain and germany this compelling and propulsive narrative explores one of the most remarkable stories of the second world war

record rain fall and extreme climates have become a common occurrence around the world the television news shows farmers standing in front of their flooded fields the ground too wet to harvest one season's crop or to plant the next our climate is changing but agriculture is not just the victim of climate change it is one of the major drivers too our food systems are responsible for around a third of all greenhouse gases in this book sarah bearchell explores how agriculture is using targeted breeding automation and precision inputs to produce more with less she considers how we can reduce our impact by addressing problems in our food system from packaging and transport to the incredible quantities of waste as consumers we can make small changes straight away and push for long term change in the wider system agriculture can become a force for good but it needs our help

a compelling whatdunnit the times waller's book should interest both historians and scientists while the general reader will enjoy his colourful depictions of medieval life bbc focus magazine this is the true story of a wild dancing epidemic that brought death and fear to a 16th century city and the terrifying supernatural beliefs from which it arose in july 1518 a terrifying and mysterious plague struck the medieval city of strasbourg hundreds of men and women danced wildly day after day in the punishing summer heat they did not want to dance but could not stop throughout august and early september more and more were seized by the same terrible compulsion by the time the epidemic subsided heat and exhaustion had claimed an uncounted number of lives leaving thousands bewildered and bereaved and an enduring enigma for future generations drawing on fresh evidence john waller's account of the bizarre events of 1518 explains why strasbourg's dancing plague took place in doing so it leads us into a largely vanished world evoking the sights sounds aromas diseases and hardships the fervent supernaturalism and the desperate hedonism of the late medieval world at the same time the extraordinary story this book tells offers rich insights into how people behave when driven beyond the limits of endurance above all a time to dance a time to die the extraordinary story of the dancing plague of 1518 is an exploration

into the strangest capabilities of the human mind and the extremes to which fear and irrationality can lead us

a lively and readable account spectator a fine book well written and well researched washington times in less than six hours in august 1942 nearly 1 000 british canadian and american commandos died in the french port of dieppe in an operation that for decades seemed to have no real purpose was it a dry run for d day or perhaps a gesture by the allies to placate stalin s impatience for a second front in the west historian david o keefe uses hitherto classified intelligence archives to prove that this catastrophic and apparently futile raid was in fact a mission set up by ian fleming of british naval intelligence as part of a pinch policy designed to capture material relating to the four rotor enigma machine that would permit codebreakers like alan turing at bletchley park to turn the tide of the second world war a fast paced and convincing book that clears up decades of misinformation about the ignoble raid toronto star

winner of the franco british society literary award 2020 art is a tyrant recounts bonheur s life with no little brio michael prodger the times books of the year 2020 a diligently researched beautifully produced and insistently sympathetic biography kathryn hughes guardian a new biography of the wildly unconventional 19th century animal painter and gender equality pioneer rosa bonheur from the author of the acclaimed mistress of paris and renoir s dancer rosa bonheur was the very antithesis of the feminine ideal of 19th century society she was educated she shunned traditional womanly pursuits she rejected marriage and she wore trousers but the society whose rules she spurned accepted her as one of their own because of her genius for painting animals she shared an intimate relationship with the eccentric self styled inventor nathalie micas who nurtured the artist like a wife together rosa nathalie and nathalie s mother bought a chateau and with rosa s menagerie of animals the trio became one of the most extraordinary households of the day catherine hewitt s compelling new biography is an inspiring evocation of a life lived against the rules
