by anyone's reckoning James Baker's years as secretary of state contained some of the most pivotal events of the second half of the 20th century and few men played as crucial a role in so many of them as did Baker. This candid revealing account offers readers a unique perspective on such world-shaking events as the fall of the Eastern Bloc, the invasion of Panama, the Gulf War, and the birth of freedom in South Africa. At a time when diplomatic practices and the demands imposed on diplomats are changing quite radically and many foreign ministries feel they are being left behind, there is a need to understand the various forces that are affecting the profession. Diplomacy remains a salient activity in today's world in which the basic authoritative actor is still the state. At the same time, in some respects, the practice of diplomacy is undergoing significant even radical changes to the context, tools, actors and domain of the trade. These changes spring from the changing nature of the state, the changing nature of the world order and the interplay between them. One way of describing this is to say that we are seeing increased interaction between two forms of diplomacy: club diplomacy and network diplomacy. The former is based on a small

number of players a highly hierarchical structure based largely on written communication and on low transparency the latter is based on a much larger number of players particularly of civil society a flatter structure a more significant oral component and greater transparency the oxford handbook of modern diplomacy is an authoritative reference tool for those studying and practicing modern diplomacy it provides an up to date compendium of the latest developments in the field written by practitioners and scholars the handbook describes the elements of constancy and continuity and the changes that are affecting diplomacy the handbook goes further and gives insight to where the profession is headed in the future co edited by three distinguished academics and former practitioners the handbook provides comprehensive analysis and description of the state of diplomacy in the 21st century and is an essential resource for diplomats practitioners and academics

seminar paper from the year 2021 in the subject law european and international law intellectual properties grade 1 university of vienna language english abstract this seminar paper set out to assess the meaning of aggression in the context of the un charter and the overlapping prohibition of the use of inter state force in international relation it is hoped that this research will contribute to a deeper understanding of the impact and legal consequences of the notion of aggression the united nations general assembly s consensus definition of aggression annexed to general assembly resolution 3314 on 14 december 1974 is at the heart of our present understanding of the concept of aggression within the united nation charter and manifests a legal standard for distinguishing legitimate from illegitimate action 1 in international relations but since its adoption the generic definition of aggression has received considerable critical attention because of its ambiguities inconsistencies openness and conflicting interpretations from this the question arises if the long lasting procedure of defining aggression was useless as the consensus definition has not only not been fully integrated into the international legal system but also fails to deter future aggressors in addition much uncertainty exists about the conjunction between the consensus definition and the prohibition of the use of inter state force

master s thesis from the year 2013 in the subject law miscellaneous grade 1 7 course master of international and european public law language english abstract historically diplomatic immunity arose out from the respect of the messengers who carry the message of their ruler or sovereign to declare war conclude peace or about other important national issues what is the appropriate scope of diplomatic immunity or whether the diplomatic privileges and immunities are too broad and in what parts they should be limited the answer to this question requires the study of the history theory and practice of the diplomatic privileges and immunities the vienna convention is the vital subject of this work because it codified in details the customary law and the diplomatic practices regarding the diplomatic privileges and immunities this work also analyses some cases explaining how the rules regarding the diplomatic privileges and immunities are implementing in practice

essay from the year 2024 in the subject politics topic international relations grade a course ph d in diplomacy and international affairs language english abstract traditionally diplomacy is the responsibility of a government specifically the ministry of foreign affairs however the evolving diplomacy landscape involved various actors such as parliament parliament is involved in diplomacy because governments want legislatures to play a crucial role in foreign policy implementation furthermore the involvement of parliament in diplomacy is connected with globalization and parliamentarians desire to tackle international issues in governments diplomacy is an instrument for implementing a foreign policy traditionally diplomacy is the responsibility of the government s executive branch specifically the ministry of foreign affairs however the evolving diplomacy landscape requires transgovernmental

relations to coordinate and implement a state foreign policy a government formulates and implements a state foreign policy and parliament dependent on the state system can initiate defend evaluate and oversee a state's foreign policy through its foreign affairs committee in addition to its oversight responsibility parliament has also become an implementer of foreign policy to a certain extent this is why *inter alia* parliament got into diplomacy the transcendence of diplomacy beyond its borders requires not only transgovernmental relations and parliament but also non state actors such as private citizens non governmental organizations and terrorist organizations this paper analyzes why and how parliament became active in diplomacy traditionally a government responsibility to answer such questions it is essential to comprehend what parliamentary diplomacy is its purposes and its functions how did diplomacy find its way into parliament is it an extension of foreign policy or a different form of diplomacy what does it encompass the paper will provide an in depth analysis of parliamentary diplomacy specifically its definitions origins purposes functions role in shaping foreign policy advantages and challenges chapter one will analyze parliamentary diplomacy's definitions origins purposes and functions chapter two will discuss parliamentary diplomacy and foreign policy formulations chapter three will concisely explain the advantages and challenges of parliamentary diplomacy the conclusion will succinctly summarize the paper and provide recommendations

examines the national need for assistance and quick response to military personnel from civilian resources for stabilization and reconstruction operations concludes with the efforts to build a civilian response capacity for complex operations are incomplete and require further attention

research in technologies at the atomic and molecular levels is rapidly growing worldwide their promising applications in medicine manufacturing and communication range from the development of new drugs and diagnostic tools to pollutant removal and prevention as well as to the production of stronger and lighter materials and revolutionary ways of storing retrieving and disseminating information public opinion about nanotechnologies is already divided between hopes nourished by their potential benefits and the fear of their possible harmful effects on the environment and humankind in the face of this divide nanotechnologies ethics and politics engages in a rare kind of prospective ethical revolution what health and environmental issues arise with the use of new materials produced by nanoscale technologies how might nanoscale devices be controlled and what concerns attend military and biomedical applications of nanotechnologies what opportunities might these bring for international cooperation addressing the most pressing needs of developing countries this volume brings together 14 experts from around the globe advisors to the world commission on the ethics of scientific knowledge and technology come who discuss the state of the art of nanotechnology examine the controversy surrounding its definition and explore related ethical and political issues the aim is stimulate a fruitful interdisciplinary dialogue about nanoscale technologies among scientists ethicists policymakers special interest groups and the general public

essence of diplomacy explores the essential timeless features of diplomacy drawing on the historical record of over three millennia in their effort at making international relations ir theory relevant to diplomacy and diplomacy relevant to ir theory the authors identify three essential dimensions of diplomacy communication representation and the reproduction of international society

in this highly original poststructural feminist critique the author maps the discursive terrains of institutions both ngos and the un which formulate and implement resolutions and guides of practice that affect gender issues in the context of international policy practices drawing together theoretical work on discourses of gender violence and international security sexualized violence in war gender and peace processes and the domestic international dichotomy with her own rigorous empirical investigation the author develops a compelling discourse theoretical analysis that promises to have far reaching impact in both academic and policy environments

the trilateral commission was formed in 1973 by private citizens of europe japan and north america to foster closer cooperation among these three democratic industrialized regions on common problems it seeks to improve public understanding of such problems to support proposals for handling them jointly and to nurture habits and practices of working together the trilateral countries are nations in europe north america and pacific asia that are both democratic and have market economies they include the member and candidate member nations of the european union the three nations of north america japan south korea the philippines malaysia indonesia singapore thailand australia and new zealand book jacket

proponents of american public diplomacy sometimes find it difficult to be taken seriously everyone says nice things about relying less on military force and more on soft power but it has been hard to break away from the longtime conventional wisdom that america owes its place in the world primarily to its muscle today however policy makers are recognizing that merely being a superpower whatever that means now does not ensure security or prosperity in a globalized society toward a new public diplomacy explains public diplomacy and makes the case for why it will be the crucial element in the much needed reinvention of american foreign policy

why does america consistently receive such low ratings in opinion polls around the world the answer as pilon explains lies not just in america s overtly forceful actions but in the construction and presentation of its self image scholars and policymakers alike will find why america is such a hard sell both a penetrating analysis of america s current efforts in public diplomacy and a prescription for delivering a more appealing self portrait to the world

a collection of conference papers analyzing the arab media s influence in shaping arab public opinion and western perspectives of the arab world

these collected essays apply human communication concepts and theories to the communication problems encountered by nations communities and individuals to move beyond critique of the failed u s communication campaigns and strategies in the war on terror
