contesting environmental imaginaries foregrounds a question central to humanistic environmental studies how is nature to be perceived and understood in a time of global environmental crisis a challenge was issued to imagine counter natures past or present casting nature as a normative concept into productive relief one ambition was to highlight shifting perspectives on nature and the environment that may help account for the rise of the environmental humanities another was to invite challenges to orthodoxies including those that animate this burgeoning field contributions emerged from the study areas of environmental history ecocriticism cultural studies american studies caribbean studies scandinavian studies media studies and the history of ideas this volume draws together the fruits of this thought experiment

this open access book explores the highly topical issue of environmental rights through national european and international perspectives the growing awareness of an impending environmental crisis coupled with a series of national and regional environmental disasters led in the 1960s and 1970s to the birth of the global environmental movement and the widespread recognition of the need to protect the environment for both current and future generations against this backdrop the concept of environmental rights surfaced as a means by which claims relating to the environment could be formulated in legal terms and thereby safeguarded in the decades that followed this concept has come to encompass many different variations of legal rights which this book seeks to investigate and assess the ebook editions of this book are available open access under a cc by nc nd 4 0 licence on bloomsburycollections.com open access was funded by the swedish studies network

barndomens somrar var soliga fyllda av bad och naturupplevelser jag tittade på fåglar och hade mitt eget lilla zoo i trädgården men under ytan hände det saker sjöarna grodde igen havet höll på att övergödhas och ute i landskapet tystnade fågelriksterna när gifter spreds på åkrarna rachel carson öppnade världens ögon med sin bok tyst vatten och det hon beskrev från usa hände även i sverige miljö och natur blev mitt yrke med en stark kärlek till naturen som utgångspunkt har henrik ekman bevakat miljöområdet i snart ett halvt sekel många miljöproblem har lyckligtvis fått sin lösning men samtidigt har nya hela tiden dykt upp mer komplexa och globala svårare att lösa idag gör sjöarna åter att bada i luften är frisk att andas miljögifternas offer har kommit tillbaka havsränen gräslan uttern flämsningen som hotade livet i många sjöar är under kontroll men världen över fortsätter jordbruk och skogsbruk att utarma den biologiska mångfalden och i slutet av den miljöresa som boken skildrar har klimatet blivit vår tids desfröga

högaktuell lösning inför det ovissa och spännande valet 2018 hur ser dagens svenska partiledare in sina politiska budskap vad karaktäriserar deras språk vilka berättelser om sverige och världen använder de och vilka bilder och myter vilka är partiledarnas styrkor och svagheter som talare i politik och retorik skärskådar statsvetaren erik sard partiledarnas tal med avseende på såväl språket som det politiska innehållet genom sitt unika dubbla fokus är boken den ideala vägledningen för alla med intresse för dagens politiska retorik
