this is the story of u 977 the german submarine that escaped to argentina at the end of world war ii before surfacing near the west coast of africa the vessel had spent a remarkable sixty six days submerged when it was first published in 1953 opinions were sharply divided between those who deplored the apparent extolling of a vicious form of warfare and those who found heinz schaeffer s account a revealing picture of the german navy s training and methods the author depicts the grueling aspects of a submariner s life in the final months of the war schaeffer and his crew came under constant attacks from allied aircraft and surface ships

u boat 977 is a terrible heroic record from the other side of the battle of the atlantic it is a tale of allied ships sunk of attack of counterattack and finally of defeat of the u boats it was written by one of the few desperate men who survived that defeat completely authentic intensely dramatic it is a personal record of hitler s most insidious and effective military arm it begins when the author was a young man starting his training for u boat service and carries through the sinkings of allied ships and the miraculous escapes that brought him his fame it tells of our growing anti u boat war and the horror of the coming of the worst enemy radar and finally he recounts his last incredible dash across the atlantic with its stretch of sixty six days under the sea to surrender in the argentine and face the charge that u 977 had been hitler s escape ship here also both in the words and between the lines is a view of the nazi military machine as seen by one

of its human cogs a moving terrible and valuable picture presented in terms of dramatic action

starting weeks after hitler declared war on the united states in mid december 1941 and lasting until the war with germany was all but over 73 german u boats sustainably attacked new england waters from montauk new york to the tip of nova scotia at cape sable fifteen percent of these boats were sunk by allied counter attacks five surrendered in the region and three were sunk off new england block island massachusetts bay and off nantucket these have proven appealing to divers with a result that at least three german naval officers or ratings are buried in new england one having killed himself in the boston jail cell there were 34 allied merchant or naval ships sunk by these subs one of them the eagle was not admitted to have been sunk by the germans until decades later over 1 100 men were thrown in the water and 545 of them made it ashore in new england ports 428 were killed importantly saboteurs were landed three places long island frenchman s bay maine and new brunswick canada and boston was mined very little was known about this

submariners are a tight knit group of men bound together by training and experience and with a language all their own that language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly this work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast this process of accumulating this new language begins in boot camp and is added to with every change of duty station the sailor undergoes it is heard aboard the boats and unknowingly by family members who can t understand terms like head deck and overhead and who think sos is a distress signal

hot straight and normal is a submarine bibliography with over 6000 references to books videos articles and internet sources it is designed to assist reseachers historians students teachers collectors and others with an interest in submarines their history construction and use in wars worldwide it s unique format of listing the books by title will assists the researcher and casual reader alike in finding or searching for familiar words and subjects fiction book titles are also included each listing contains title author date published publisher page count isbn number and other informative descriptions if known this is the only submarine bibliography currently in publication the article index includes all articles in all issues of naval submarine league s submarine review and naval institute s naval proceedings magazine there are sites and other internet sources listed and even information on obtaining more information through the freedom of information act also included is how to find materials inside government archives collected and edited by a former u s submariner and member of u s submarine veterans inc

on august 17 1945 four months after germany s defeat in world war ii the famous u 977 commanded by captain heinz schaffer surrendered at the mar del plata submarine base the argentine naval force managed to recover numerous documents from the ship which years later were translated and published in an internal instruction manual called use of german submarines and their weapons the writer enrique amarante reveals part of this unpublished documentation in this fascinating book

in 2009 three us professors with access to adolf hitler s alleged remains startled the world with scientific dna proof that the skull and bones that russia had claimed since the end of world war ii were hitler s actually belonged to a middle aged woman whose

identity remains unknown this announcement has rekindled interest in the claim made by joseph stalin maintained to the end of his life that hitler got away the truth is that no one saw hitler and eva braun die in the bunker in berlin on april 30 1945 no photographs were taken to document claims hitler and eva braun committed suicide hitler's body was never recovered no definitive physical evidence exists proving hitler died in the bunker in berlin dr jerome cossi explores the historical possibility that hitler escaped nazi germany at the end of world war ii fbi and cia records maintained at the national archives indicate that the us government took seriously reports at the end of world war ii that hitler had escaped to argentina more recent evidence suggests hitler may have fled to indonesia where he married and worked at a hospital in sumbawa even the chief of the us trial counsel at nuremberg thomas j dodd was quoted as saying no one for sure can say adolf hitler is dead putting massive amounts of evidence and research under a critical eye dr cossi shows that perhaps modern history's most tantalizing question has yet to be definitively answered did hitler escape nazi germany at the end of world war ii to plot revenge and to plan the rise of the fourth reich skyhorse publishing as well as our arcade imprint are proud to publish a broad range of books for readers interested in history books about world war ii the third reich hitler and his henchmen the jfk assassination conspiracies the american civil war the american revolution gladiators vikings ancient rome medieval times the old west and much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

volume two from a set of two volumes set approx 650 pages with hundreds of photos and documents published by times square press timessquarepress.com new york author's website maximilliendelafoyettebibliography.com this book is the most authoritative documented and convincing book on hitler's escape from berlin to argentina packed with testimonies affidavits and statements by insiders the bunker's survivors and american russian and french intelligence agents astonishing revelations and powerful testimonies which will convince even the most ardent skeptics that indeed hitler escaped from his bunker and lived in argentina with his ss entourage until his death in 1965

on a sweltering day in august 1906 u 1 or unterseeboot 1 meaning underwater boat was lifted into kiel's waters for trials 100 hundred years later kiel still witnesses the launching of u boats modern submarines with fuel cell propulsion systems built for navies worldwide in the years in between germany fought two world wars in which the u boat almost defeated the allies the u boat was one of the most potent weapons of the 20th century and here mallmann showell perhaps the world's leading u boat historian explains how it was developed and designed and then deployed to wreak havoc in european waters and further afield in the atlantic and the far east this is not a dry technical book but a work that looks behind the scenes at the men who built and fought in them weapons systems operational areas bases builders and fleet organisation are covered and as well as dealing with the world wars the author brings the story up to date with the third latest generation of u boats the text is augmented by over 300 images many never published before publisher description

from 1963 to 1981 horst h geerken lived in the new born republic of indonesia at a time of upheaval after the end of almost 350 years of colonial rule and exploitation by the netherlands in both his professional and private activities he constantly came across german japanese and indonesian eyewitnesses who had lived through the japanese

occupation and the presence of the german navy in indonesia the relations between the german reich and what was then the dutch east indies were obviously closer and more varied than had been previously assumed hardly anyone was aware that hitler was extremely interested in this distant archipelago and that thousands of german officers and seamen were in action in east and south east asia who knows that german u boats and auxiliary cruisers penetrated deep into the pacific and that the german navy used the kerguelen islands in the south polar sea as a secret base or that hitler gave massive support to the independence movements in indonesia and india many of the german naval personnel chose to make indonesia their home after the war and joined the indonesian freedom fighters the second world war heralded the end of the colonial era in asia especially in south east asia the role played in this process by the third reich should not be underestimated the collaboration between the axis powers especially that between german and japan with all its problems is also investigated there was a lively exchange of new weapons technology there was even the re creation of a german radar system in japan under the management of a german engineer documents from the third reich s foreign ministry published here for the first time show how brutally and inhumanely the german men women and children in the dutch internment camps in the east indies were treated by their captors these documents are supported by evidence from contemporary witnesses the author has encapsulated his many years of research in the two volumes of hitler s asian adventure it is a fascinating documentation of the german navy s involvement in a theatre of war that has until now been neglected by historians

Right here, we have countless books **U Boat 977** and collections to check out. We additionally allow variant types and as well as type of the books to browse. The within acceptable limits book, fiction, history, novel, scientific research, as without difficulty as various extra sorts of books are readily clear here. As this U Boat 977, it ends in the works physical one of the favored ebook U Boat 977 collections that we have. This is why you remain in the best website to see the unbelievable books to have.

1. How do I know which eBook platform is the best for me?
