framework of reality highlights unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge about strange and

unusual phenomena observed in quantum physics cosmology biology psychology disease and healing death and reincarnation investigations it is a companion book to frontiers of knowledge which is a large research book with all the details and all the references framework provides all the same information in a summary form it can be considered the cliffs notes for frontiers of knowledge insights from quantum physics suggest that the basis of our physical universe is mental conscious thought other discoveries are causing us to redefine our concepts of mind and this elusive thing we call consciousness the verified near death out of body experiences obes show that consciousness can exist in a nonphysical form indicating that mind is not tied to the physical brain new concepts of reality are also needed to explain the incredibly fine tuned characteristics of our physical universe the mysterious nature of dark energy and dark matter suggests that their source resides in subtle energy dimensions strong hints of subtle dimensions are also provided in near death obes subtle energy healings and documented accounts of very unusual mind body effects thousands of between lives spiritual regression cases and the deeper near death experiences provide us with fairly consistent descriptions of a nonphysical realm populated by souls living in a highly developed culture that is interacting with humans this revolutionary information demands a revised and expanded view of reality one in which spirituality is the underlying source of reality highlights on all of the above and more are presented in framework of reality and they provide readers with the outline of this new revolution in knowledge

the rhythm of reality presents physics as an art shaped by movement resonance and frequency rather than focusing on equations or technical frameworks the book opens a reflective space where vibration becomes a key to understanding the structure of existence through imagery storytelling and scientific clarity each chapter flows as a unified experience that feels both grounded and imaginative what this book explores physics approached as a living rhythmic art rather than a technical subject frequency and vibration as fundamental guides to understanding reality the pulse within matter and the geometry of sound and waves resonance as a bridge between external motion and inner awareness connections between physics and biology acoustics and consciousness how sound light thought and energy move through rhythmic patterns scientific ideas expressed through storytelling and real world imagery written in a musical and flowing tone the rhythm of reality brings vibration into everyday experience linking breath heartbeat intuition and creativity it invites readers into a world where science feels alive patterns carry meaning and every frequency reveals a deeper harmony woven through nature and the human mind

the reality explained trilogy is the culmination of a thirty year direct investigation into the fundamental nature of reality the study of reality is a response to one s deep seated need to understand the mysterious yet ordered world that we find ourselves inextricably woven into an exhaustive examination of reality is not limited to the study of the outward world but it is

also the study of the very space or capacity that the entire world exists in the study of reality exists to resolve the paradoxical relationship between mind and matter or god and individuality or more generally speaking the absolute and the relative book three triunistic model of reality is a thorough and exhaustive examination of the actual architecture or design of reality this book represents the fruit of my search for truth it is also a full extrapolation of the specific vision that provided the insight that was necessary for my experience of enlightenment this last book of the trilogy is the least personal book as it instead relies on my intuitive life it is the life that no one sees yet it encompasses almost all of my experience collectively this trilogy tells the entire story of our existence as far as i have been shown however this is not by any stretch of the imagination the end of mystery instead it is merely the beginning the beginning of what that s the question that your life is the answer to

the volume throws light on various issues and problems in classical indian philosophical tradition concerning the structure of language and meaning particularly referring to the theories and philosophies of bhartrhari and nyaya and purva mimamsa philosophies of language it also involves the contemporary western perspective in the course of analysis

provides the first comparison of the thought of these two political philosophers and its influence on contemporary american conservatism
