many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today for some this has led to a disillusionment with eschatological speculations for others the results are apathy and a failure to understand the mission of god s people this is tragic for when the entirety of the new testament is read and understood from an eschatological perspective the grand narrative of scripture and its fulfillment in jesus comes clearly into focus a proper framework for understanding eschatology directly correlates to a proper understanding of the mission of god s people who are themselves carrying forth the biblical story as we approach the new jerusalem to fail to comprehend eschatology is to fail to comprehend our mission this book has two objectives first to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview second to demonstrate that a proper eschatological framework relates to the mission of god s people and the demand for holiness thus eschatology matters

how do you take an individual who has never done business with your organization and gradually transform them into the best possible customer how do you decide how much to spend on various marketing actions how do you think about the pricing decision with a view to optimizing the value of your customers as assets where do you start what tools do you use and what heuristics are useful in making these decisions this book attempts to answer questions such as these the one sentence summary of the answer though is simple hold the individual s hands and walk them up a value ladder one step at a time this book is written for an advanced student of business and the practicing manager it presents an integrated view of the marketing function in particular it focuses on all the activities that a firm engages in to create and manage value not just the customer facing activities it links the traditional views of customer value with the finance accounting human resources organizational behaviour information technology and operations functions of the organization it draws on the science of behaviour change and the data sciences to present a contemporary view of the customer value function the content is meant to be prescriptive it describes a process for value creation and management yet analytical theoretical yet empirically driven it urges the reader to think about the customer value function to be organized along activities that the firm would like the customers to engage in not activities that the firm engages in it presents a framework that is not only conceptually driven but also has a sound mathematical basis

introducing time series methods and their application in social science research this practical guide to time series models is the first in the field written for a non econometrics audience giving readers the tools they need to apply models to their own research introduction to time series analysis by mark pickup demonstrates the use of and the assumptions underlying common models of time series data including finite distributed lag autoregressive distributed lag moving average differenced data and garch arma arima and error correction models this volume does an excellent job of introducing modern time series analysis to social scientists who are already familiar with basic statistics and the general linear model william g jacoby michigan state university
