hate thy neighbor shows in devastating detail the rise and persistence of tactics for preventing residential racial integration starting in the 20th century and continuing into the present although many minorities can find good housing in areas they can afford just enough of their neighbors still greet them with cross burnings firebombs and violence to send an ongoing warning integrate at your own risk amanda i seligman university of wisconsin milwaukee despite increasing racial tolerance and national diversity neighborhood segregation remains a very real problem in cities across america scholars government officials and the general public have long attempted to understand why segregation persists despite efforts to combat it traditionally focusing on the issue of white flight or the idea that white residents will move to other areas if their neighborhood becomes integrated in hate thy neighbor jeannine bell expands upon these understandings by investigating a little examined but surprisingly prevalent problem of move in violence the anti integration violence directed by white residents at minorities who move into their neighborhoods apprehensive about their new neighbors and worried about declining property values these residents resort to extra legal violence and intimidation tactics often using vandalism and verbal harassment to combat what they view as a violation of their territory hate thy neighbor is the first work to seriously examine the role violence plays

in maintaining housing segregation illustrating how intimidation and fear are employed to force minorities back into separate neighborhoods and prevent meaningful integration drawing on evidence that includes in depth interviews with ordinary citizens and analysis of fair housing act cases bell provides a moving examination of how neighborhood racial violence is enabled today and how it harms not only the victims but entire communities by finally shedding light on this disturbing phenomenon hate thy neighbor not only enhances our understanding of how prevalent segregation and this type of hate crime remain but also offers insightful analysis of a complex mix of remedies that can work to address this difficult problem jeannine bell is professor of law at iu maurer school of law bloomington she is the author of policing hatred law enforcement civil rights and hate crime police and policing law and gaining access to research sites a practical and theoretical guide for qualitative researchers with martha feldman and michele berger

in order to examine the importance of alternative medicine to the african american population this book focuses on the african american health belief system and the treatment strategies often used and documented this book includes a cultural historical view of alternative medicine s use within the african american community and shows how it was an integral part of african american culture the author highlights a number of studies that examine alternative and complementary therapies associated with specific diseases among african americans case studies are presented to show the types of alternative and complementary medicines used for specific diseases and to determine whether the alternative and complementary therapy was effective or not moreover the cultural perceptions of the specific disease are presented to provide reasons why african americans tend to use the particular alternative and complementary medical therapy for the disease the book serves as a resource guide for students healthcare professionals researchers policymakers and the general public

in almost every congregation there is a searching youth who is somehow different from the rest one who thinks more deeply asks more questions and wants to make a difference in the world this young person may be seen as a loner an upstart or someone who does not fit youth workers may not know what to do with these inquisitive youth and a youth program that meets the congregation s expectations probably won t connect with the needs and interests of searching youth eventually searching youth turn into searching adults who continue to stir things up and enrich the life of our congregations with their questions insights witness and service these young people have the capacity and ability to provide significant leadership in our congregations now and in the future because of their unique gifts we are offering this book as a resource for pastors teachers and youth leaders who work with them in this book faculty members students and recent graduates of saint paul school of theology look through the eyes of their academic disciplines and ministry experience to explore the foundations for ministry with searching youth and to offer designs for your ministry

mental health care in the african american community provides a practical historical analysis of mental health research policy community environment and clinical practice as they affect the mental health of african american individuals throughout the life span

in the late 1960s african american protests and black power demonstrations in california s santa clara county including what s now called silicon valley took many observers by surprise after all as far back as the 1890s the california constitution had legally abolished most forms of racial discrimination and subsequent legal reform had surely taken care of the rest white americans might even have wondered where the black activists in the late sixties were coming from because beginning with the

writings of fredrick jackson turner the most influential histories of the american west simply left out african americans or later portrayed them as a passive and insignificant presence *uninvited neighbors* puts black people back into the picture and dispels cherished myths about california s racial history reaching from the spanish era to the valley s emergence as a center of the high tech industry this is the first comprehensive history of the african american experience in the santa clara valley author herbert g ruffin ii s study presents the black experience in a new way with a focus on how despite their smaller numbers and obscure presence african americans in the south bay forged communities that had a regional and national impact disproportionate to their population as the region industrialized and spawned suburbs during and after world war ii its black citizens built institutions such as churches social clubs and civil rights organizations and challenged socioeconomic restrictions ruffin explores the quest of the area s black people for the postwar american dream the book also addresses the scattering of the black community during the region s late yet rapid urban growth after 1950 which led to the creation of several distinct black suburban communities clustered in metropolitan san jose ruffin treats people of color as agents of their own development and survival in a region that was always multiracial and where slavery and jim crow did not predominate but where the white embrace of racial justice and equality was often insincere the result offers a new view of the intersection of african american history and the history of the american west

relationships with family and friends community life religion work racial identity political attitudes and participation and physical and mental health are among the topics explored in this volume on black americans it reports the findings from a survey which collected and analyzed data on social psychological economic and political behaviours of americans of african descent this survey the first to sample a truly representative cross section of black people in america was designed and conducted with a sensitivity to cultural influences never attempted before

written by a member of the black haitian community this book brings to life the mechanisms that shape haitian immigrant identity and underscores the complexity of such an identity zéphir explains why haitians define themselves as a distinct ethnic group and examines the various parameters of haitian ethnicity through hundreds of interviews the author gathered the voices of haitians as they speak as they feel and most importantly how they experience america and its system of racial classification this work is a description of the diversity of the black population in america and an effort to dispel the myth of a monolithic minority or sidestream culture

vigorous action must be directed to prevent disease promote overall health and deliver appropriate care within the african american population in this thoroughly updated and revised edition of *health issues in the black community* the authors offer an in depth examination of the most pressing health problems confronting the black community written by a stellar panel of scholars and practitioners in the field this valuable resource examines such topics as chronic illnesses the effect of violence and health policy *health issues in the black community* also contains the most current thinking on relevant health delivery lifestyle and policy issues

alphabetically arranged entries from o to t that explores significant events major persons organizations and political and social movements in african american history from 1896 to the twenty first century

in the first major work on race and social policy from a historical perspective in more than 100 years bancroft prize winning harvard scholar stephan thernstrom and

award winning author and authority on race abigail thernstrom presents a monumental study of this country s racial progress over the last half century

deindustrialization white flight and inner city poverty have spelled trouble for baltimore schools marion orr now examines why school reform has been difficult to achieve there revealing the struggles of civic leaders and the limitations placed on baltimore s african american community as each has tried to rescue a failing school system examining the interplay between government and society orr presents the first systematic analysis of social capital both within the african american community black social capital and outside it where social capital crosses racial lines orr shows that while black social capital may have created solidarity against white domination in baltimore it hampered african american leaders capacity to enlist the cooperation from white corporate elites and suburban residents needed for school reform orr examines social capital at the neighborhood level in elite level interactions and in intergovernmental relations to argue that black social capital doesn t necessarily translate into the kind of intergroup coalition needed to bring about school reform he also includes an extensive historical survey of the black community showing how distrust engendered by past black experiences has hampered the formation of significant intergroup social capital the book features case studies of school reform activity including the first analysis of the politics surrounding baltimore s decision to hire a private for profit firm to operate nine of its public schools these cases illuminate the paradoxical aspects of black social capital in citywide school reform while offering critical perspectives on current debates about privatization site based management and other reform alternatives orr s book challenges those who argue that social capital alone can solve fundamentally political problems by purely social means and questions the efficacy of either privatization or black community power to reform urban schools black social capital offers a cogent conceptual synthesis of social capital theory and urban regime theory that demonstrates the importance of government politics and leadership in converting social capital into a resource that can be mobilized for effective social change

reveals how the new technologies of mass culture the phonograph radio and film played a key role in accelerating the diffusion of jazz as a modernist art form across the nation s racial divide focuses on four cities new orleans new york chicago and los angeles to show how each city produced a distinctive style of jazz
