the routledge handbook of feminist economics presents a comprehensive overview of the contributions of feminist economics to the discipline of

economics and beyond each chapter situates the topic within the history of the field reflects upon current debates and looks forward to identify cutting edge research consistent with feminist economics goal of strong objectivity this handbook compiles contributions from different traditions in feminist economics including but not limited to marxian political economy institutionalist economics ecological economics and neoclassical economics and from different disciplines such as economics philosophy and political science the handbook delineates the social provisioning methodology and highlights its insights for the development of feminist economics the contributors are a diverse mix of established and rising scholars of feminist economics from around the globe who skilfully frame the current state and future direction of feminist economic scholarship this carefully crafted volume will be an essential resource for researchers and instructors of feminist economics

employment is closely connected to wealth status and security and is therefore a subject of interest across a range of academic disciplines employment relations in the united states incorporates a wealth of research material from these different specialties to provide a historical perspective on the american workplace and the evolution of legal policies affecting employment the analysis follows both a chronological and thematic arrangement beginning with the importance of management practices the growth of labor organizations and the impact of collective bargaining on employment institutions and the subsequent rise of individual employment rights enforced through administrative and judicial means through its evolutionary approach the book explains the fragmented overlapping and conceptually confusing regulatory environment governing workplace relations it offers an integrated approach to such important contemporary policy issues as health care coverage pensions and effective dispute procedures the book provides an analytical framework for an understanding of the unique nature of our labor markets and the role of government employers and unions key features provides students with the historical background they need to understand how the u s system developed and how it differs from systems in other industrialized nations discusses individual employment rights including protection from discrimination covers current policy issues in employment including raising the minimum wage the growth of a contingent workforce and privatizing retirement offers a unique historical and evolutionary explanation of the nature of employment relations as a general overview of contemporary employment relations employment relations in the united states is a perfect supplement to college courses in employment law human resource management and collective bargaining human resource managers mediators and professionals involved in labor relations will also find this an essential reference

covering global comparative and single country contexts this research handbook presents wide ranging cutting edge research on poverty and inequality it maps out international trends in poverty and inequality and explores the key conceptual and operational frameworks practical analyses and policy applications and outcomes

this collection analyzes women's narratives on the workplace these narratives speak to the daily struggles women face in the workforce such as inflexible and long work hours masculine workplace cultures employers stereotypical attitudes and the absence of work life balance initiatives viewed from a sociological perspective the authors emphasize the reoccurring themes of devaluation exploitation and dehumanization of female workers resulting from unconscious or implicit bias and which directly impacts women's quality of life

over the last several decades academic discourse on racial inequality has focused primarily on political and social issues with significantly less attention on the complex interplay between race and economics african americans in the u s economy represents a contribution to recent scholarship that seeks to lessen this imbalance this book builds upon and significantly extends the principles terminology and methods of standard economics and black political economy influenced by path breaking studies presented in several scholarly economic journals this volume is designed to provide a political economic analysis of the past and present economic status of african americans the chapters in this volume represent the work of some of the nation's most distinguished scholars on the various topics presented the individual chapters cover several well defined areas including black employment and unemployment labor market discrimination black entrepreneurship racial economic inequality urban revitalization and black economic development the book is written in a style free of the technical jargon that characterizes most economics textbooks while the book is methodologically sophisticated it is accessible to a wide range of students and the general public and will appeal to academicians and practitioners alike

our perennial bestseller offers an overview of the politics of monetary and fiscal policy productivity and investment and inflation and unemployment this expanded and revised edition includes chapters on international trade and finance and on major controversies in economics including the legacy of keynesianism in the united states and the basics of marxist economic theory each article is keyed to david colander's textbooks economics and macroeconomics

reports for 1897 1908 include the report of inspection of factories 5th 16th
