national bestseller from the author of the pulitzer prize winning *arab and jew* an intimate portrait unfolds of working american families struggling against insurmountable odds to escape poverty this is clearly one of those seminal books that every american should read and read now the new york times book review as david k shipler makes clear in this powerful humane study the invisible poor are engaged in the activity most respected in american ideology hard honest work but their version of the american dream is a nightmare low paying dead end jobs the profound failure of government to improve upon decaying housing health care and education the failure of families to break the patterns of child abuse and substance abuse shipler exposes the interlocking problems by taking us into the sorrowful infuriating courageous lives of the poor white and black asian and latino citizens and immigrants we encounter them every day for they do jobs essential to the american economy this impassioned book not only dissects the problems but makes pointed informed recommendations for change it is a book that stands to make a difference

at the bottom of america's working world millions live in the shadow of prosperity in the twilight of poverty and prosperity many are trapped for life in a perilous zone of low wage work that keeps middle class comforts and necessities forever beyond their reach despite the often long and hard hours they put in at their jobs as bank tellers food service employees copyeditors car washers and others in his authoritative study of how our country has consistently and still is failing its working poor with low wages diminished benefits and rampant instability bestselling and pulitzer prize winning author david k shipler draws on researched facts and scores of personal testimonies to paint a bleak of the short shift that so many of us even in a booming economy are bound by a vintage shorts selection an ebook short

the book provides important findings on the link between institutions and in work poverty the volume makes a significant contribution to this strand of literature as evidence on cross country differences is scarce the combination of case studies and comparative quantitative investigations is an interesting approach annekatrin niebuhr papers in regional science this data rich book explores the causes of in work poverty in europe the balanced provision of theoretical insights and strong empirical support will prove useful to poverty scholars and policymakers alike contemporary sociology a book on in work poverty could not be timelier at a time when many of the working poor are likely to become the non working poor this book is a must read zoë irving journal of social policy this volume represents a valuable contribution to debates on welfare states public policy poverty

and social exclusion it is an empirically rich and analytically robust comparative collection highlighting the variations between and contradictions of in work poverty across europe patricia kennett university of bristol uk for a long time in work poverty was not associated with european welfare states recently the topic has gained relevance as welfare state retrenchment and international competition in globalized economies has put increasing pressures on individuals and families this book provides explanations as to why in work poverty is high in certain countries and low in others much of the present concern about the working poor has to do with recent changes in labour market policies in europe however this book is not primarily about low pay instead it questions whether gainful employment is sufficient to earn a living both for oneself and for one's family members there are however great differences between european countries this book argues that the incidence and structure of the working poor cannot be understood without a thorough understanding of each country's institutional context this includes the system of wage setting the level of decommunification provided by the social security system and the structure of families and households combining cross country studies with in depth analyses from a national perspective the book reveals that in work poverty in europe is a diverse multi faceted phenomenon occurring in equally diverse institutional economic and socio demographic settings with its rich detail and conclusions this genuinely comparative study will be of interest to academics and researchers of labour and welfare economics social policy and european studies as well as to policy advisers

drawing on a two year study this look at the lives of the urban working poor explains how they have been undervalued and neglected and trapped in an environment where opportunities are limited and punished by policies aimed at welfare recipients

the working poor project is part of an overall effort to build the field serving low income workers with dependent family members the working poor in order to have a cohesive strategy in building this field nedlc has studied the demographics and distribution of the working poor and identified the public and private policies and practices that may assist working families to reach self sufficiency as well as the policies practices and economic trends that may be causing many working families to remain in poverty finally it has been necessary to look at the effectiveness of service providers to create programs that improve the skills wages and career opportunities of the working poor this last task is the objective of this report and it will accomplish this by using case studies to look at three successful programs in november 2002 the william and flora hewlett foundation hewlett funded the national economic development and law center to carry out a two year project aimed at building 1 the field of service providers and 2 a greater pool of financial investment to support the working poor in career advancement and wage gains the specific intent of this report is to learn from three successful projects funded by hewlett through its employment development program

more than three billion people in the world live on less than two and a half us dollars per person per day in this book gary fields explains how the poor work how they have improved their self employment earning opportunities how poor country governments can stimulate more inclusive economic growth and how they can be aided

this thought provoking book provides an in depth analysis of the working poor phenomenon and its causes across welfare regimes and identifies the most efficient policy mixes and best practices that could be utilized to resolve this problem eric cretaz argues that the working poor is too broad a category to be used for meaningful academic or policy discussion and that a distinction must be made between different categories of poor workers he illustrates how different welfare regimes generate different forms of working poverty via in depth case studies of various oecd countries over the past decade underpinned by a theoretical and conceptual framework using meta analyses of evaluations of social policy tools the author addresses the key question of what constitutes the most efficient policies to deal with the problem of working poverty fighting working poverty in post industrial economies will prove an enlightening and stimulating read for academics researchers and students across various disciplines including sociology economics and political science in addition policymakers and other stakeholders seeking innovative solutions to the potentially growing problem of working poverty will find this book to be an invaluable point of reference

this title was first published in 2003 the working poor of the world are observed to engage in long hours in hard jobs and to work more if wages are further reduced mainstream economics brushes off

this tendency to increase labour supply as wages fall as perverse because it does not fit the conventional wisdom and tries to explain it as a result of subsistence mentality limited aspiration or target income behaviour of the poor this however ignores the observed fact that the poor work long hard hours but most of the time fail to meet their minimum needs of subsistence and live impoverished lives in absolute poverty deficient of both food and physical rest this book postulates that the observed behaviour is the result of economic distress the working poor suffer and analyses it as a rational behaviour using the conventional utility maximization framework and derives both theoretical and empirical results consistent with the observation this book aims to correct a serious misconception persisting in the literature relating to the working poor labour supply behaviour that is almost universally observed it also goes onto develop using the supply function a methodology to determine the standard of subsistence income and physical rest for the worker

author mark lutz conveys true stories of the working poor he s met through the years lutz discovered that all they needed was a chance to help themselves when given that opportunity the author watched these innovative people undo the chains of poverty often with a large ripple effect that impacted their communities

emphasizing the complex economic social and political factors that create poverty and make its eradication so difficult this book provides a broad overview of the dimensions of poverty and discrimination the various explanations for these social ills and the policy options for addressing them
