until 1965 through it all his sense of humor remained intact as did his passion for beautiful women in seattle s women teachers of the interwar years doris pieroth describes the contributions of a remarkable group of women who dominated the seattle public school system in the early years of the twentieth century and helped to produce well educated citizens who were responsible for the widespread philanthropic volunteer and municipal activities that came to characterize the city while most publications on the history of education have emphasized theory or administration pieroth focuses on individual teachers set against the backdrop of a developing city the book provides vivid portraits of educated strong ambitious women making successful careers at a time when job opportunities for women were very limited pieroth interviewed as many of these women as she could find and quotes from the interviews enhance her lively well written narrative using details drawn from local newspapers and school publications she demonstrates that the influence of this cohort of women made modern seattle the livable place that it remains today seattle s women teachers of the interwar years is a significant contribution to the history of seattle and the region to women s history and to the history of education

this dissertation explores the development of the apparel industry in the southern united states from 1937 to 1980 the apparel industry has received scant attention from historians especially when compared to the numerous influential works examining the southern textile industry the history of the southern clothing industry and its workers merits individual attention for it yields its own distinctive story by virtue of its size its reliance upon female labor and its broad geographic scope the southern apparel industry provides an opportunity to connect the often disparate concerns of southern cultural history labor history and women s history this study examines the essential features of the apparel industry in the south and the varied experiences of clothing workers during the industry s great expansion from the late 1930s until the demise of the southern branch of the

industry in the 1980s the scope of the inquiry is broad encompassing the role of organized labor the changing racial composition of the industry s work force the creation of a feminine work culture and its as companies relocated their manufacturing facilities in the south they capitulated to the system of racial segregation after the passage of the civil rights act of 1964 the whiteness of occupations within the apparel industry declined and the racial and ethnic diversity of the industry increased african american and latina women workers accounted for a large percentage of what was once a predominantly white industry and as the ethnic and racial diversity of the southern clothing industry increased organizing efforts were more successful the influential union label and boycott strategies of the clothing industry provide an important perspective on the place of women workers in southern culture and the labor movement the role of women as the primary consumers of the family placed them in a critical position to influence the success or failure of boycotts union label programs and ultimately solidarity but as the united states apparel industry collapse began in the 1960s apparel unions chose to rely on buy american boycott campaigns that pitted them against the very workers they had hoped to organize
