since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers

a quiet revolution is taking place in america s forests once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager this book provides the first comprehensive examination of nontimber forest products ntfps in the united states illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them as the first extensive national overview of ntfp policy and management specific to the united states it brings together research from

numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive picture of the current and potential role of ntfps the contributors review the state of scientific knowledge of ntfps by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and commerce they examine some of the major social economic and biological benefits of ntfps while also addressing the potential negative consequences of ntfp harvesting on forest ecosystems and on ntfp species populations within this wealth of information are rich accounts of ntfp use drawn from all parts of the american landscape from the pacific northwest to the caribbean from honey production to a review of nontimber forest economies still active in the united states such as the ojibway harvest of plants recounted here the book takes in the whole breadth of recent ntfp issues including ecological concerns associated with the expansion of ntfp markets and ntfp tenure issues on federally managed lands no other volume offers such a comprehensive overview of ntfps in north america by examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests

attention is given to heritage management and planning instruments of urban regeneration and land use control and case studies of krakow lodz glasgow cardiff and the london docklands

at a time when each society had its own medium of propagation of its researches in the form of transactions proceedings journals etc a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of indian culture in all its aspects this encouraged jas burgess to launch the indian antiquary in 1872 the scope was in his own words as wide as possible incorporating manners and customs arts mythology feasts festivals and rites antiquities and the history of india another laudable aim was to present the readers abstracts of the most recent researches of scholars in india and the west indian antiquary also dealt with local legends folklore proverbs etc in short indian antiquary was entirely devoted to the study of man the indian in all spheres introduction to facsimile volumes published 1985
