the strategic highway research program shrp developed two materials
characterization programs one for field sampling and another for laboratory
testing the shrp field materials sampling and laboratory materials testing
program encompassed all 50 states 10 canadian provinces and puerto rico this

report documents the development and execution of these programs for both the general pavement studies gps and the specific pavement studies sps these topics are described separately here although they are linked inherently suggestions are given for future materials characterization within the long term pavement performance program as it continues under the federal highway administration
