so you want to be an investment banker huh well you're looking in the right place this is the only book on the market that guides you right through the process from where and when to apply to the most likely interview questions and even how to impress your boss from day one ensuring you keep that job job applications to investment banks have shot up due to all the media attention that the industry has received but there are fewer jobs available the unemployment rate for 16 to 24 year olds has risen sharply in the current recession from 15 in 2008 to 19 in 2009 and then to 20 in 2010 poverty org uk just 54 of americans aged 18 to 24 currently have jobs that's the lowest employment rate for this age group since the government began keeping track in 1948 pew research center with the top investment banks now combing the world over to find the very best person for the job you need to stay a step ahead to help you succeed to become an investment

banker gives you all the information you need to have at your fingertips as well as extra advice to ensure you stand out from the crowd much of the information is presented in a bullet point format ensuring clarity and absolute ease of access in addition the laid back chatty tone of this semi autobiographical book makes it an enjoyable read as well as an essential guide heather katsonga woodward started her investment banking journey in 2004 with an internship at goldman sachs since then she has picked up a mass of useful tips that helped her survive even during the whirlwinds of the 2007 2009 credit crunch with input from four other investment bankers to become an investment banker encompasses 25 years of collective banking expertise this book is the perfect starting point if your sights are set on working in any major financial center table of contents introduction chapter 1 figuring out what s what commercial retail banking what is investment banking what do investment bankers do a typical day in the life of an investment banking analyst asset management chapter 2 getting into an investment bank networking deciding where when and how to apply what degree will get you in the application process alternatives to the standard hiring process application enhancers chapter 3 interview basics interview behavior interview dress code rules on answering interview questions chapter 4 competency based questions chapter 5 basic economics fiscal policy monetary policy chapter 6 basic technical questions credit risk brainteasers chapter 7 technical questions for corporate finance and equity capitals markets ecm financial reporting valuation cash equities equity derivatives chapter 8 technical questions for debt capital markets dcm or fixed income currency and commodities ficc bonds and loans foreign exchange fx rates credit commodities chapter 9 on the job tips that will help you to hit the ground running personal habits to watch out for email etiquette dealing with tiredness chapter 10 girl banker r s insights on handling money on being from an ethnic minority on being a girl on lawsuits on resigning resources including recommended books headhunters appendix 1 currency codes appendix 2 banking lingo and acronyms index

wrap your head around the complicated world of investment banking with this understandable and comprehensive resource the celebrated authors of investment banking for dummies 2nd edition have updated and modernized their best selling book to bring readers an invaluable and accessible volume about the investment banking industry written in the straightforward and approachable tone the for dummies series is known for the world over authors matthew krantz and robert johnson have created an indispensable resource for students and professionals new to investment banking the book covers all the crucial topics required to understand the fundamentals of the industry including strategies for different types of risk management market credit operating reputation legal and funding the key investment banking operations venture capital buyouts m a equity underwriting debt and more the relationship between leverages buyout funds hedge funds and corporate and institutional clients investment banking for dummies 2nd edition offers for the first time a brand new chapter devoted to cryptocurrencies and new content on unicorn ipos including uber lyft and airbnb

investment banking is that specific banking division which deals with creating capital for other organizations and government or other entities it is the job of investment banks to underwrite equity security and new debt for various kinds of corporations to facilitate acquisitions and mergers to create a sale of bonds and securities and facilitate broker trades and reorganizations for private investors and different institutions an investment banker helps government and companies to manage projects and thereby saving time and money of the clients they are real experts in investment

banking and so businesses move towards them for valuable advice on investments for they are aware of the investment climate they offer advice on the basis of the current economic and market scenario an investment banker s career progresses along the standard path an investment banking professional occupies any of the given positions like an analyst an associate an account manager a director and managing director at a given period of time an undergraduate can apply for a banking analyst position for it is the lowest in the investment banking hierarchy chain the investment banking career is so demanding that the analysts even have to work for 90 100 hours in a week

the dynamic environment of investment banks hedge funds and private equity firms comes to life in david stowell s introduction to the ways they challenge and sustain each other capturing their reshaped business plans in the wake of the 2007 2009 global meltdown his book reveals their key functions compensation systems unique roles in wealth creation and risk management and epic battles for investor funds and corporate influence its combination of perspectives drawn from his industry and academic backgrounds delivers insights that illuminate the post 2009 reinvention and acclimation processes through a broad view of the ways these financial institutions affect corporations governments and individuals professor stowell shows us how and why they will continue to project their power and influence emphasizes the needs for capital sources of capital and the process of getting capital to those who need it integrates into the chapters 10 cases about recent transactions along with case notes and questions accompanies cases with spreadsheets for readers to create their own analytical frameworks and consider choices and opportunities

investment bank careers are lucrative and highly competitive fields that many people want to get into the arena is teeming with careers in specialized fields that are definitely very rewarding the exponential increase of people who have switched to investment bank careers speaks of its huge rewards talk about pay scales simply irresistible the banking industry landscape is highly diversified and has lots of rooms for newcomers who would want to carve their niches in the field the banking industry has a myriad of services related to finance from capital raising to buyouts mergers and acquisitions to the management of investment portfolios of private individuals and businesses there is a shortage of people to perform these diversified banking services the demand for highly competitive professionals is also fueled by the recent financial market conditions affected by global economic conditions the competition for investment bank careers remain stiff and intense but lucrative in this book you ll discover what you need to know before becoming an investment banker why an investment banking education is important what they won t tell you about investment banking salaries how to land investment banking jobs and much more grab a copy of investment banking career today

this book will discuss capital markets investment banking long term debt and lease financing types of security markets include money markets and capital markets money markets are short term in nature with securities that have maturities of one year or less capital markets are long term markets with securities that have maturities greater than one year our focus will be on capital markets capital markets help link up businesses that need money to expand with investors who would like to find a good investment for their money investment bankers often act as a middle person between the company issuing securities and the investors the investment bankers taking on substantial risk as they play their role in the process investment bankers design and package securities

make offers and sell to the public commercial banks differ from investment banks commercial banks usually deal with individuals and small companies they generate revenue from interest on home mortgages and small business loans investment banks take much larger risks they deal with large companies and high risk startups they act as a kind of bridge between the companies and the investors capital intensive industries often need debt financing to grow the most common form being corporate bonds we will compare and contrast debt financing and equity financing discussing the pros and cons from the standpoint of the corporation and from that of the investor

from a historical point of view the main activity of investment banks is what today we call security underwriting investment banks buy securities such as bonds and stocks from an issuer and then sell them to the nal investors in the eighteenth century the main securities were bonds issued by governments the way these bonds were priced and placed is extraordinarily similar to the system that inve ment banks still use nowadays when a government wanted to issue new bonds it negotiated with a few prominent middlemen today we would call them investment bankers the middlemen agreed to take a fraction of the bonds they accepted to do so only after having canvassed a list of people they could rely upon the people on the list were the nal investors the middlemen negotiated with the government even after the issuance indeed in those days governments often changed unilaterally the bond conditions and being on the list of an important middleman could make the difference on the other hand middlemen with larger lists were considered to be in a better bargaining position this game was repeated over time and hence reputation mattered for the middlemen being trusted by both the investors on the list and by the issuing governments was crucial
