The book takes you inside a typical consulting case interview by exploring the entire case interview process in detail and will leverage you to crack the most complex business cases. The main features of this book are a detailed discussion of the entire case interview process, key business case frameworks with practice cases and solutions, key strategies to crack presentation cases,

embrace the case interview walks you through each step on the path to your dream consulting job as described by a former management consultant who conducted over 100 interviews for a top-tier firm. First, we cover how to get the interview, including how to be memorable when speaking with firms prior to the interview and how to write a killer resume and cover letter. Second, we cover the behavioral part of the interview, often overlooked. The behavioral part of the interview covers your personal experiences and is often just as valuable as the case interview. We discuss the traits interviewers are looking for and how to answer their questions in a structured way. Third, we take an in-depth look at the case interview itself. Unlike books that focus on segmenting cases and applying frameworks, you will learn a single flexible structure that you will apply to any case with deadly effectiveness. In addition to structuring the case, you will learn approaches for the cases' other parts, including qualitative questions, quantitative problems, exhibit analysis, and synthesis. Embrace the case interview places a strong emphasis on the quality of your learning rather than just doing hundreds of cases. As such, each example case contains an in-depth discussion of the text book answer to help you improve. For more information, please visit [embracethecaseinterview.com](http://embracethecaseinterview.com). Enjoy the book and best of luck in your upcoming interviews.

The guide management consulting job interviews are insanely difficult, and the odds are heavily stacked against the interviewee. Most people are not even invited to the interview. Where do they go wrong? Smashing the case interview is a mentorial piece that

teaches you how to change the odds in your favor it is a rare end to end guide written by a former mckinsey and company consultant the core offerings are as follows 7 rules to write a correct résumé with a sample attached 7 paragraph format for a cover letter with a sample attached problem solving theory based on a hypothesis driven approach framework development and communication methodology key accounting economics and decision theory concepts 8 mathematics tricks to arrive at the correct answer 6 common case interview frameworks 5 solved cases based on interview communication style 12 case interview mistakes to avoid 11 rules for the behavioral interview 8 sample answers to behavioral interview questions interview attire and techniques for optimizing interview day performance about the author ali zubair has worked with mckinsey company where his role focused on business strategy restructuring and implementation he has based this book on his successful interview experiences with top consulting firms and coaching multiple interview candidates in his spare time by education ali is a fulbright scholar who graduated as a master of international affairs from columbia university
