in this book sister kubicki uses jacques berthier s taize music to
explore the nature of liturgical music as ritual symbol she carries out
a hermeneutical analysis of berthier s chants and examines biographical
and historical data related to the creator s of taize music and the
founding of the taize community the author draws on five areas of study
to interpret the taize chants as ritual symbol symbol theory semiotics
theologies of symbol ritual theory and performative language theory the
final chapter explores potential ecclesial meanings which may be
mediated in the taize liturgy and the role of berthier s chants in
mediating that meaning the study concludes that it is music s symbolic
property that enables it to be both ministerial and integral to the
liturgy as symbolic activity music making evokes participation
negotiates relationships and enables the assembly to orient themselves
and to find their identity and place within their world furthermore
music making provides the illocutionary force to do something in the
act of singing thus it is that as part of a complexus of ritual symbols
music interacts with other symbols in mediating the liturgy s meaning
