studienarbeit aus dem jahr 2011 im fachbereich bwl investition und finanzierung fom essen hochschule für oekonomie management gemeinnützige gmbh hochschulleitung essen früher fachhochschule veranstaltung investment controlling sprache deutsch abstract the majority of companies are in need of investment capital to pursue their growth strategies also a large number of companies only display a low equity ratio and as a result possess bad credit worthiness in this regard private equity represents a good alternative solution providing investment capital it allows companies to make investments to solidify or improve their position among the competitors on the market in times where banks and credit institutions exercise restraints the interest of companies in private equity even increases nevertheless particularly in germany the growing importance of private equity is accompanied by great controversy one group argues that often the private equity investors in their function as majority shareholders neglect the sustainable development of their portfolio companies in favor of their temporary value increase on the other hand numerous studies indicate that companies benefit from private equity investments according to these studies companies which have entered cooperation with private equity investors comparatively display stronger revenue growth and productivity and also generate more jobs 1 in this respect the quality of the partnership between the portfolio company and the private equity investment association is a decisive success factor and must not be underestimated private equity deals only generate win win situations if both parties are professionally engaged lack of preparation can either lead to a one sided relationship leaving one party at a disadvantage or even to a bad overall business in which both sides incur losses this paper takes the perspective of each party and points out which specific aspects they have to cons

ten leading private investors share their secrets to maximum profitability in the masters of private equity and venture capital the pioneers of the industry share the investing and management wisdom they have gained by investing in and transforming their portfolio companies based on original interviews conducted by the authors this book is filled with colorful stories on the subjects that most matter to the high level investor such as selecting and working with management pioneering new markets adding value through operational improvements applying private equity principles to non profits and much more

outstanding practical guide that gives attorneys investment professionals tax practitioners and corporate lawyers the tools they need to handle any aspect of a private investment fund

once an obscure niche of the investment world private equity has grown into a juggernaut with consequences for a wide range of industries as well as the financial markets private equity funds control companies that represent trillions of dollars in assets millions of employees and the well being of thousands of institutional investors and their beneficiaries even as the ruthlessness of some funds has made private equity a poster child for the harms of unfettered capitalism many aspects of the industry remain opaque hidden from the normal bounds of accountability the myth of private equity is a hard hitting and meticulous exposé from an insider's viewpoint jeffrey c hooke a former private equity executive and investment banker with deep knowledge of the industry examines the negative effects of private equity and the ways in which it has avoided scrutiny he unravels the exaggerations that the industry has spun to its customers and the business media scrutinizing its claims of lucrative investment returns and financial wizardry and showing the stark realities that are concealed by the funds self mythologizing and penchant for secrecy hooke details the flaws in private equity's investment strategies critically examines its day to day operations and reveals the broad spectrum of its enablers a bracing and essential read for both the financial profession and the broader public this book pulls back the curtain on one of the most controversial areas of finance

private equity is more economically significant than ever as institutions hunt for high returns in a risky world private equity 4 0 examines the role workings and contribution of this important industry in a straightforward yet revealing manner dr josh lerner jacob h schiff professor of investment banking chair entrepreneurial management unit harvard business school a multi perspective look at private equity's inner workings private equity 4 0 provides an insider perspective on the private equity industry and analyzes the fundamental evolution of the private equity asset class over the past 30 years from alternative to mainstream the book provides insightful interviews of key industry figures and case studies of some of the success stories in the industry it also answers key questions related to strategy fund manager selection incentive mechanisms performance comparison red flags in prospectuses and more private equity 4 0 offers guidance for the many stakeholders that could benefit from a more complete understanding of this special area of finance understand the industry's dominant business models discover how value is created and performance measured perform a deep dive into the ecosystem of professionals that make the industry hum including the different incentive systems that support the industry's players elaborate a clear set of guidelines to invest in the industry and deliver better performance written by a team of authors that combine academic and industry expertise to produce a well rounded perspective this book details the inner workings of private equity and gives readers the background they need to feel confident about committing to this asset class coverage includes a historical perspective on the business models of the three major waves of private equity leading to today's 4 0 model a detailed analysis of the industry today as well as reflections on the future of private equity and prospective futures it also provides readers with the analytical and financial tools to analyze a fund's performance with clear explanations of the mechanisms organizations and individuals that make the system work the authors demystify private equity by providing a balanced but critical review of its contributions and shortcomings and moving beyond the simplistic journalistic descriptions its ecosystem is complex and not recognizing that complexity leads to inappropriate judgments because of its assumed opacity and some historical deviant and generally transient practices it has often been accused of evil intents making it an ideal scapegoat in times of economic crisis prodding leading politicians and regulators to intervene and demand changes in practices unfortunately such actors were often responding to public calls for action rather than a thorough understanding

of the factors at play in this complex interdependent system doing often more harm than good in the process and depriving economies of one of their most dynamic and creative forces self regulation has clearly shown its limits but righteous political interventions even more so private equity investment can be a valuable addition to many portfolios but investors need a clear understanding of the forces at work before committing to this asset class with detailed explanations and expert insights private equity 4 0 is a comprehensive guide to the industry ways and means that enables the reader to capture its richness and sustainability
