it is common to hear talk of how music can inspire crowds move individuals and mobilise movements we know too of how governments can live in fear of its effects censor its sounds and imprison its creators at the same time there are other governments that use music for propaganda or for torture all of these examples speak to the idea of music's political importance but while we may share these assumptions about music's power we rarely stop to analyse what it is about organised sound about notes and rhythms that has the effects attributed to it this is the first book to examine systematically music's political power it shows how music has been at the heart of accounts of political order at how musicians from bono to lily allen have claimed to speak for peoples and political causes it looks too at the emergence of music as an object of public policy whether in the classroom or in the copyright courts whether as focus of national pride or employment opportunities the book brings together a vast array of ideas about music's political significance from aristotle to rousseau from adorno to deleuze and new empirical data to tell a story of the extraordinary potency of music across time and space at the heart of the book lies the argument that music and politics are inseparably linked and that each animates the other

reprint of the original first published in 1855 the antigonos publishing house specialises in the

publication of reprints of historical books we make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

the legendary overland silk road was not the only way to reach asia for ancient travelers from the mediterranean during the roman empire s heyday equally important maritime routes reached from the egyptian red sea across the indian ocean the ancient city of berenike located approximately 500 miles south of today s suez canal was a significant port among these conduits in this book steven e sidebotham the archaeologist who excavated berenike uncovers the role the city played in the regional local and global economies during the eight centuries of its existence sidebotham analyzes many of the artifacts botanical and faunal remains and hundreds of the texts he and his team found in excavations providing a profoundly intimate glimpse of the people who lived worked and died in this emporium between the classical mediterranean world and asia
