this book examines the legitimization of private military and security companies pmscs focusing on the controversy between pmscs and nongovernmental organizations ngos while existing studies disproportionately emphasizes the ability for companies and their clients to dominate and shape perceptions of the industry this book offers an alternative explanation for the oft cited normalization of pmscs and the trend to privatize security by analyzing the changing relationship between pmscs and ngos it uses the concept of norm entrepreneurship to elucidate the legitimization game between

these two dissimilar actors starting from the 1990s the book shows that the relationship between pmscs and ngos has undergone a transition by literally moving from the barricades to the boardrooms after years of fierce advocacy and pr campaigns against pmscs today both actors increasingly collaborate in multi stakeholder initiatives elevating the status of pmscs from a scorned actor to a trusted partner in the regulation of the industry the work offers a comprehensive explanation of when and why this kind of collective norm entrepreneurship is likely to occur this book will be of interest to students of pmscs critical security studies global governance international norms and international relations
