challenging the longstanding interpretation of the early english public sphere as polite inclusive and egalitarian this book re interprets key texts by representative male authors from the period addison steele shaftesbury and richardson as reactionary responses to the widely consumed and surprisingly subversive work of women writers such as mary astell delarivier manley and eliza haywood whose political and journalistic texts have up until now received little scholarly consideration by analyzing a wide range of materials produced between the 1690s to the 1750s pollock exposes a literary marketplace characterized less by cool rational discourse and genial consensus than by vehement contestation and struggles for cultural authority particularly in debates concerning the proper extent of women s participation in english public life utilizing innovative methods of research and analysis the book reveals that even at its moment of inception there was an immanent critique of the early liberal public sphere being articulated by women writers who were keenly aware of the hierarchies and techniques of exclusion that contradicted their culture s oft repeated appeals to the principles of equality and universality

awarded third place for the adam gillon book award in conrad studies 2009 the book presents a sustained critique of the interlinked and contradictory views that the fiction of joseph conrad is largely innocent of any interest in or concern with sexuality and the erotic and that when conrad does attempt to depict sexual desire or erotic excitement then this

results in bad writing jeremy hawthorn argues for a revision of the view that conrad lacks understanding of and interest in sexuality he argues that the comprehensiveness of conrad s vision does not exclude a concern with the sexual and the erotic and that this concern is not with the sexual and the erotic as separate spheres of human life but as elements dialectically related to those matters public and political that have always been recognized as central to conrad s fictional achievement the book will open conrad s fiction to readings enriched by the insights of critics and theorists associated with gender studies and post colonialism

essential reading for literary lawyers as well as the general reader legal fictions is a comprehensive and entertaining literary look at a perennially fascinating and controversial subject lawyers and the law
