almost all of the breakthroughs in understanding the atmosphere have been initiated by field observations using a range of instrumental techniques. Developing or deploying instruments to make further observations demands a thorough understanding of the chemical and spectroscopic principles on which such measurements depend. Written as an authoritative guide to the techniques of instrumental measurement for the atmospheric scientist, research student or undergraduate, analytical techniques for atmospheric measurement focuses on the instruments used to make real time measurements of atmospheric gas and aerosol composition. Topics covered include how they work, their strengths and weaknesses for a particular task, the platforms on which they have been deployed and how they are calibrated. It explains the fundamental principles upon which the instrumental techniques are based, i.e. what property of a molecule can be exploited to enable its detection, what limits instrumental sensitivity and accuracy, and the information that can be gained from their use.

Transforming Scholarship offers an essential guide to one of the most richly rewarding yet often underappreciated academic majors: Women's and Gender Studies. This fully updated and revised third edition answers the question of what you can do with a Women's and Gender Studies degree with resounding authority. Chapters include exercises and valuable point-of-view segments with recent graduates and academics to help students realize their many talents and passions and how these may be linked to future professional opportunities. Students are also encouraged to reflect on the ways in which their efforts in the classroom can be translated into a life guided by feminism, civic engagement, and activism. With updates such as a focus on activism that resulted from socio-political movements in the 2010s/2020s such as Black Lives Matter (BLM) and the MeToo movement, an examination of the impact of COVID-19 on the academic and socio-cultural environment, and career opportunities for graduates, an exploration of increased acceptance of social justice and feminist perspectives.
