filmed in various parts of ecuador the program offers 5 7 minutes of footage for each of the eighteen lessons in the vistas student textbook each module tells the continuing story of four college students from different spanish speaking countries ecuador spain mexico and puerto rico who spend a vacation break on a bus tour of the ecuadorian countryside with the ultimate goal of climbing a volcano video container

the handbook of technology and second language teaching and learning presents a comprehensive exploration of the impact of technology on the field of second language learning the rapidly evolving language technology interface has propelled dramatic changes in and increased opportunities for second language teaching and learning its influence has been felt no less keenly in the approaches and methods of assessing learners language and researching language teaching and learning contributions from a team of international scholars make up the handbook consisting of four parts language teaching and learning through technology the technology pedagogy interface technology for l2 assessment and research and development of technology for language learning it considers how technology assists in all areas of language development the emergence of pedagogy at the intersection of language and technology technology in language assessment and major research issues in research and development of technologies for language learning it covers all aspects of language including grammar vocabulary reading writing listening speaking pragmatics and intercultural learning as well as new pedagogical and assessment approaches and new ways of conceiving and conducting research and development the handbook of technology and second language teaching and learning demonstrates the extensive multifaceted implications of technology for language

teachers learners materials developers and researchers

this volume brings together theoretical perspectives and empirical studies in second language l2 acquisition and bilingualism and discusses their implications for l2 pedagogy the book is organized into three sections that focus on prominent linguistic and cognitive theories and together provide a compelling set of state of the art works part i consists of studies that give rise to innovative applications for second language teaching and learning and part ii discusses how findings from cognitive research can inform practices for l2 teaching and learning following these two sections part iii provides a summative commentary of the theories explored in the volume along with suggestions for future research directions the book is intended to act as a valuable reference for scholars applied linguists specialists in pedagogy language educators and anyone wishing to gain an overview of current issues in sla and bilingualism

this book proposes that research into generative second language acquisition gensla can be applied to the language classroom assuming that universal grammar plays a role in second language development it explores generalisations from gensla research the book aims to build bridges between the fields of generative second language acquisition applied linguistics and language teaching and it shows how gensla is poised to engage with researchers of second language learning outside the generative paradigm each chapter of universal grammar and the second language classroom showcases ways in which gensla research can inform language pedagogy some chapters include classroom research that tests the effectiveness of teaching particular linguistic phenomena others review existing research findings discussing how these findings are useful for language pedagogy all chapters show how generative linguistics can enhance teachers expertise in language and second language development this groundbreaking volume ably takes on the gap that currently exists between generative linguistic theory in second language acquisition gensla and second language pedagogy by gathering chapters from gensla researchers who are interested in the

relevance and potential application of their research to second foreign language teaching it offers a welcome and thought provoking contribution to any discussion of the relation between linguistic theory and practice i recommend it not only for language teachers interested in deepening their understanding of the formal properties of the languages they teach but also for linguists interested in following up on more practical consequences of the fruits of their theoretical and empirical research
