this volume addresses the religious sociocultural and political context of colonial society sor juana lived in a convent a community of women whose lives were strictly regulated by the rules of their order in her case the hieronymites she was subject to the authority of the bishop and other clerics she lived in the capital of an enormously wealthy colonized region whose vast territory and many inaccessible rural areas created governance nightmares she participated in a highly stratified colonial society in which class race religion and gender determined performative behaviors to a great extent she was subject to a power struggle between the secular and religious arms of government as well as internecine church conflicts her ability to throw off some of the weight of restrictions and limitations on a woman of her temperament vocation and family background remains truly remarkable emilie l bergmann and stacey schlau preface p xii

includes sections reviews of books and abstracts of archive publications

this is a wide ranging and stimulating introduction to the history and theory of visual culture from painting to the television screen mirzoeff argues that the visual is replacing the linguistic as our primary means of communicating

gifford lectures series 2007 seeing things is a highly original book that will have appeal across humanity departments including visual studies theology art history sociology anthropology and ethics the book considers in detail the experience of perceiving visual objects from high art to everyday artefacts it looks in particular at the problems encountered with the ways we in western culture look upon the world and things and encourages and argues for ways to look and visualise the world more critically broadly and widely sight is one of the main ways we perceive and relate to the world and yet it is mostly assumed rather than actively reflected on objects designated as art and the realm of aesthetics attract some active attention and reflection but most of the visible world is ignored in the context of what pattison describes as our ordinary blindness tm the book argues that the range of things we choose to see and value is arbitrary and limited and the ways in which we relate to things and objects are mostly crude and unnuanced pattison argues that it is desirable to consider more person like relationships with all manner of visibly perceived objects from classical sculptures to tennis rackets if we begin to apply this person like relationship with things we transgress the western secular and religious practice and belief that maintains that the realm of the manufactured is dead tm and so can be treated by humans exactly as they wish without consideration pattison argues that this person like relationship does not mean reanimating or re sacramentalising the world rather he argues for observation and exploration of the actual phenomenology of the object

the existing scholarship on insurgency and counter insurgency in colonial india has rarely engaged with questions regarding visual representation and the visual aspects of coercion using wide ranging source material representing rebellion analyses contemporary visual narratives and their importance in generating new interpretations of subaltern identity book jacket
