the objective structured clinical examination osce has become widely employed in intensive care medicine
icm exams such as the uk final fellowship of intensive care medicine fficm the european diploma of intensive care edic exam or the australia and new zealand fellowship of the college of intensive care medicine cicm
this book is not only an essential tool for the rehearsal of osces in preparation for these exams but also for american and indian exams and any other exams within the field of intensive care medicine the osce is a style of examination that requires the candidate to present specific information in a short space of time matched to a prescriptive mark scheme this book allows candidates preparing for an icm osce to format their knowledge for this type of examination whilst practising and rehearsing against time the 60 osce stations provide a broad array of topics from past exams ranging across the training icm curriculums the mark schemes are presented in a short punctuated form allowing the candidate access to important points ideal at the sharp end of an exam campaign the 5 sets of osce exams are designed to run as a set of 12 each set will have an array of clinical scenarios requiring swift assessment diagnosis recommendations for investigations and management whilst also exploring aspects of pathophysiology there are a number of data interpretation tools that are incorporated into clinical scenarios as well as standalone stations for electrocardiogram and radiology analysis this book is an important preparatory tool crucial to the armamentarium of any candidate preparing for an icm exam

intensive care medicine is a dynamic and evolving specialty requiring its practitioners to be part physician

physiologist and anaesthetist this requires a firm foundation of knowledge and an ability to apply this to the clinical situation this book contains 270 multiple choice questions allowing self assessment of the breadth of knowledge required of the modern intensivist the book is divided into three papers each consisting of 60 multiple true false mtf and 30 single best answer sba questions covering areas including resuscitation diagnosis disease management organ support and ethical and legal aspects of practice the mtf questions test factual knowledge and understanding of the evidence base underpinning intensive care medicine while the sba questions test the ability of the candidate to prioritise compete options and make the best decision for the patient each question is peer reviewed and accompanied by concise and detailed explanatory notes with references to guide further reading all the authors are practising intensive care physicians with firsthand experience of professional examinations in the specialty this book will appeal to intensive care physicians approaching professional examinations worldwide including the european diploma american board and faculty of intensive care medicine examinations in addition it will appeal to intensive care nurses and allied healthcare professionals wishing to update their knowledge as part of continuing professional development and to physicians sitting professional examinations in related specialties requiring knowledge of intensive care medicine such as general medicine general surgery and anaesthesia this new book will complement the existing international best selling title multiple choice questions in intensive care medicine isbn 978 1 903378 64 9 also written by dr steve benington
