this study focuses on empires from an economic historical perspective in doing so it relates current debates in international relations and politics to the vexed legacy of empires in the past the book includes analyses of the comparative scholarly literature on empire in antiquity and empire in the early modern and modern ages asking the question if the united states is an empire and if china an emerging empire it contributes to the field given its interdisciplinarity bringing together both historical and its insights into world

systems in times past in addition it draws out four key points of separateness between pre modern and modern empires and emphasizes specific economic data further to that the book advances the notion of the emergence of empires from within in the 21st century that is nation states becoming more multi ethnic while often stepping back from globalization and finally it offers future scenarios for the evolution of empires in a schumpeterian post industrial world

the authors of voyages in world history international edition never forget that history is made up of the stories of people each chapter of this new text centers around a story a traveler s account that highlights the book s main theme the constant movement of people goods and ideas locally regionally and around the globe chapter introductions are illustrated with images of the travelers and maps that show where and how he or she traveled the travelers include rulers explorers poets merchants soldiers missionaries and scholars and their narratives provide a framework for each chapter and draw students into the stories of world history along the way students learn critical reading skills by evaluating the traveler s observations and attitudes

an unprecedented undertaking by academics reflecting an extraordinary vision of world history this landmark multivolume encyclopedia focuses on specific themes of human development across cultures era by era providing the most in depth expansive presentation available of the development of humanity from a global perspective well known and widely respected historians worked together to create and guide the project in order to offer the most up to date visions available a monumental undertaking a stunning academic achievement abc clio s world history encyclopedia is the first comprehensive work to take a large scale thematic look at the human species worldwide comprised of 21 volumes covering 9 eras an introductory volume and an index it charts the extraordinary journey of humankind revealing crucial connections among civilizations in different regions through the ages within each era the encyclopedia highlights pivotal interactions and exchanges among cultures within eight broad thematic categories population and environment society and culture migration and travel politics and statecraft economics and trade conflict and cooperation thought and religion science and technology aligned to national history standards and packed with images primary resources current citations and extensive teaching and learning support the world history encyclopedia gives students educators researchers and interested general readers a means of navigating the broad sweep of history unlike any ever published

typically wide ranging informative and illuminating a lovely book peter frankopan a brilliant communicator a wonderful book dan snow when did globalization begin most observers have settled on 1492 the year columbus discovered america but as celebrated yale professor valerie hansen shows it was the year 1000 when for the first time new

trade routes linked the entire globe so an object could in theory circumnavigate the world this was the big bang of globalization which ushered in a new era of exploration and trade and which paved the way for europeans to dominate after columbus reached america drawing on a wide range of new historical sources and cutting edge archaeology hansen shows for example that the maya began to trade with the native peoples of modern new mexico from traces of theobromine the chemical signature of chocolate and that frozen textiles found in greenland contain hairs from animals that could only have come from north america moreover hansen turns accepted wisdom on its head revealing not only that globalization began much earlier than previously thought but also that the world s first anti globalization riots did too in cities such as cairo constantinople and guangzhou introducing players from europe the islamic world asia the indian ocean maritime world the pacific and the mayan world who were connecting the major landmasses for the first time this compelling revisionist argument shows how these encounters set the stage for the globalization that would dominate the world for centuries to come a lively and engrossing book that describes in fascinating detail how trade enriched the world gerard degroot the times a tour de force offers many new ways of thinking about the past katrina gulliver spectator provocative a smart broad ranging survey of the global middle ages that is learned thought provoking and perfectly tuned to our times dan jones sunday times

voyages in world history brief edition is a mainstream text for the world history course that masterfully uses the theme of movement the journeys of peoples ideas and goods to help the reader make sense of the huge range of people places and events throughout history each chapter is framed around the story of a person who traveled within the time period and region of the chapter students can practice being critical readers by evaluating the traveler s observations and attitudes voyages in world history includes a primary source feature called movement of ideas which will help students develop the core skill of analyzing sources by allowing them to compare multiple explanations of significant ideas this brief text will meet the needs of instructors who want a lively narrative style without sacrificing the themes and pedagogy that make world history understandable to students it is also ideal for instructors who want to supplement a text with lots of primary sources available in the following options voyages in world history brief edition chapters 1 32 volume i to 1600 chapters 1 16 volume ii since 1500 chapters 15 32 important notice media content referenced within the product description or the product text may not be available in the ebook version

hansen s disease leprosy is endemic in more than 100 countries worldwide with over 200 000 new diagnoses each year and more than 4 million people living with some form of hd related impairment the world health organization s global leprosy strategy timeline for hansen s disease elimination indicates that it will be encountered in clinical practice in

endemic countries for at least another decade increasing north to south migration global travel and overseas medical work mean that physicians in non endemic countries will also encounter patients with hansen s disease which can affect people for many years before diagnosis and after treatment for busy clinicians it represents a challenge in terms of disease learning and updating knowledge and skills this book provides a concise up to date and comprehensive source of information on hansen s disease clinical practice it covers essential topics on all clinical aspects complemented by history epidemiology paleopathology and the social impact of the disease edited and written by contributors with decades of experience it s divided into twenty six chapters clarifying the genetics and neurological manifestations physical disabilities and its prevention oral ophthalmological and bone changes among others for the primary audience of practicing physicians it is an affordable point of reference whilst also being suitable for student and trainee doctors it s also accessible to general practitioners and specialists in dermatology neurology pediatrics infectious disease family and community medicine and orthopedics as well as to non specialists and other healthcare professionals

the distinction between ancient and modern modes of historical thought is characterized by the growing complexity of the discipline of history in modernity consequently the epistemological and methodological standard of ancient historiography is typically held as inferior against the modern ideal this book serves to address this apparent deficit its scope is three fold firstly it aims at encountering ancient modes of historical and historiographical thought within the province of their own horizon secondly this book considers the possibility of a dialogue between ancient and modern philosophies of history concerning the influence of ancient historical thought on the development of modern philosophy of history and the utility of modern philosophy of history in the interpretation of ancient historiography thirdly this book explores the continuities and discontinuities in historical method and thought from antiquity to modernity ultimately this volume demonstrates the necessity of re evaluating our assumptions about the relation of ancient and modern historical thought and lays the groundwork for a more fruitful dialogue in the future

voyages in world history brief edition is a mainstream text for the world history course that masterfully uses the theme of movement the journeys of peoples ideas and goods to help the reader make sense of the huge range of people places and events throughout history each chapter is framed around the story of a person who traveled within the time period and region of the chapter students can practice being critical readers by evaluating the traveler s observations and attitudes voyages in world history includes a primary source feature called movement of ideas which will help students develop the core skill of analyzing sources by allowing them to compare multiple explanations of significant ideas this brief text will meet the needs of instructors who want a lively narrative style

without sacrificing the themes and pedagogy that make world history understandable to students it is also ideal for instructors who want to supplement a text with lots of primary sources available in the following options voyages in world history brief edition chapters 1 32 volume i to 1600 chapters 1 16 volume ii since 1500 chapters 15 32 important notice media content referenced within the product description or the product text may not be available in the ebook version
