the west is in cataclysmic decline most westerners don t realize it just as the citizens of the roman empire in its last years were barely aware that their way of life was nearing its end in the famous metaphor of the boiling frog if you put a frog in tepid water and then slowly bring the water to the boil the frog will fail to perceive the danger and be cooked alive western culture is being boiled bit by bit and no one understands what it is happening this book is about the theories of oswald spengler and the theorists inspired by him about how and why cultures and civilizations come to an end about how they lose their energy and dominance and become weak and second rate above all it s about the means to reverse the decline and to build more glorious cultures and civilizations than have ever existed before
