introducing the first book in the game master s new handbook series is your roleplaying in a rut flip the table and try something new proactive roleplaying will re energize your players and your game most adventures in traditional ttrpgs start out the same way something bad happens and your players have to muster their courage to stand against it whether it s rescuing the little dog that was kidnapped by the local troll stopping an assassination attempt at the archduke s wedding or recruiting an army to disrupt the construction of a world ending ritual site the party will always find a way to

save the day after all what kind of heroes would they be if they let the dog duke or entire population die saving the day is fun but it starts to get repetitive after a while if you're using a bad guys try to do stuff good guys try to stop them engine to drive all your sessions you're taking all the agency out of your players hands bad stuff happens good people have to try to stop it roll rinse repeat there's a better way to play and prep your sessions the game master's handbook of proactive roleplaying shows you how to convert your ttrpg gameplay from predictable action reaction cliches to player driven narratives that put all the choices and most of the prep work in the hands of your players the goals are theirs the decisions are theirs everything that happens in the world you're building together occurs not because you planned it but because the pcs are following their own paths rather than game master breadcrumbs to the scene of the next adventure the proactive approach ensures every battle has tension every faction has a function and every session is high stakes and an absolute blast putting the players and their characters in the driver's seat so you can sit back and simply put giant goal and soul crushing roadblocks in their way you'll also find foreword by ginny di with an afterword by jeff ashworth writer's block breaking charts case studies from decades of sessions templates for goal driven npcs and factions a modular adventure setting and much more the game master's handbook of proactive roleplaying is compatible with your favorite 5th edition fantasy tabletop rpgs

when your players are traveling through the wilderness from point a to point b here's the key to making that journey as intriguing and exciting as possible as every gm knows you can spend hours preparing an adventure but rarely is any map filled in so completely that you can easily define what lies waiting in the wilds between where they are today and where they'd like to be tomorrow that's where the game master's book of legendary locations comes in legendary locations provides game masters with more than 150 fascinating sites obstacles legends and landscapes spread across eight environmental zones designed to make every journey an unforgettable one from poisonous swamps and bottomless wells to dragon skull temples and abandoned mines each location includes a brief history exotic lore potential dangers to fight and treasures to be won along with illustrations throughout larger entries include special game master notes and random encounter tables to ensure each incredible locale is as compelling as possible each environmental zone also includes a completely fleshed out lair including monster stat blocks a map and full page illustration in addition legendary locations also includes dozens of roll tables for determining random encounters eerie occurrences natural hazards and more to ensure players

are always experiencing something unique and unexpected it's a wellspring of inspiration and a fathomless resource for keeping players on their toes and ensuring that the journey is just as exciting as the destination

connecting teens with technology at the library presents a balanced view of the often complex relationship between teenagers and their technology this book will help support fellow teen serving staff nationwide in program creation and collection development on this relevant topic throughout the chapters the authors take a lens of inclusivity to address the needs of many teens not just those that are avid users while programming is central to most books about teens and technology in the library this read goes beyond a mere listing of program ideas or reviews but offers practical advice for linking these technology programs with real world applications such as future careers and community partnerships the authors provide options of low tech and high tech as well as how to engage youth during the pandemic and beyond the book also explores areas of connecting teens with technology beyond programming and into areas of mentoring and community building the foundational blocks of the library whether readers are just starting out in libraries or are a seasoned library worker this book has tips to engage every reader in welcoming teens to the technology resources of the library with connecting teens with technology at the library czarnecki and harris have created an essential manual for working with teens through and with technology from matching your program with the library's mission to developing your professional and teen collections with technology centered materials to sample programs that your teens will love this book has everything you need to create an impactful technology program that works in and out of the library

through classroom activities wizard rock concerts and organizations like the harry potter alliance harry potter fans are using creativity to positively impact the world this collection of essays and interviews examines how playful fandom from fanfiction to muggle quidditch cosplay role playing games and even harry potter burlesque not only reimagines the canon but also challenges consumerism questions notions of identity and fosters participatory culture the contributors explore issues applicable to fan studies and performance studies at large such as the role of performance the nature of community and questions of representation and ownership in the digital age presented in three parts the essays discuss discrepancies between sanctioned versions of harry potter and fan creations the reenactment and reinterpretation of the original narrative in fan performance and collaborative and participatory performances that break down the
