based on the classic history of broadcasting in the united states tube of plenty represents the fruit of several decades labor when erik barnouw premier chronicler of american broadcasting and a participant in the industry for fifty years first undertook the project of recording its history many viewed it as a light weight literary task concerned mainly with entertainment trivia indeed trivia such as that found in quiz programs do appear in the book but barnouw views them as part of a complex social tapestry that increasingly defines our era to understand our century we must fully comprehend the evolution of television and its newest extraordinary offshoots with this fact in mind barnouw s new edition of tube of plenty explores the development and impact of the latest dramatic phases of the communications revolution since the first publication of this invaluable history of television and how it has shaped and been shaped by

american culture and society many significant changes have occurred assessing the importance of these developments in a new chapter barnouw specifically covers the decline of the three major networks the expansion of cable and satellite television and film channels such as hbo home box office the success of channels catering to special audiences such as espn entertainment and sports programming network and mtv music television and the arrival of vcrs in america s living rooms he also includes an appendix entitled questions for a new millennium which will challenge readers not only to examine the shape of television today but also to envision its future

television is a form of media without equal it has revolutionized the way we learn about and communicate with the world and has reinvented the way we experience ourselves and others more than just cheap entertainment tv is an undeniable component of our culture and contains many clues to who we are what we value and where we might be headed in the future media historian gary r edgerton follows the technological developments and increasing cultural relevance of tv from its prehistory before 1947 to the network era 1948 1975 and the cable era 1976 1994 he begins with the laying of the first telegraph line in 1844 which gave rise to the idea that images and sounds could be transmitted over long distances he then considers the remodeling of television s look and purpose during world war ii the gender racial and ethnic components of its early broadcasts and audiences its transformation of postwar america and its function in the political life of the country he talks of the birth of prime time and cable the influence of innovators like sylvester pat weaver roone arledge and ted turner as well as television s entrance into the international market describing the ascent of such programs as dallas and the cosby show and the impact these exports have had on transmitting american culture abroad edgerton concludes with a discerning look at our current digital era 1995 present and the new forms of instantaneous communication that continue to change america s social political and economic landscape richly researched and engaging edgerton s history tracks television s growth into a convergent technology a global industry a social catalyst a viable art form and a complex and dynamic reflection of the american mind and character it took only ten years for television to penetrate thirty five million households and by 1983 the average home kept their set on for more than seven hours a day the columbia history of american television illuminates our complex relationship with this singular medium and provides historical and critical knowledge for understanding tv as a technology an industry an art form and an institutional force

listing every prime time schedule by season since 1944 this survey traces the development of the television entertainment industry and uncovers a treasure of little known facts and anecdotes about tv

as american politics and television became more closely intertwined in the early 1960s each underwent enormous and long lasting changes in the expanding vista originally published in 1990 oxford university press mary ann watson looks at how television was woven into the events and policies of john kennedy s presidency not only in his unprecedented use of the medium in campaigning and image projection but in the vigorous efforts of his administration to regulate and improve the content of network programs examining the

legacy of the new frontier and its relationship to the new medium she traces the kennedy influence across a spectrum of programming that includes news documentary drama situation comedy advertising children s shows and educational tv through extensive archival research and oral histories watson reconstructs key moments of an extraordinary time in the television age the expanding vista s analysis and interpretation of that era continue to enlighten our understanding of culture and communication as the themes sounded in the 1960s resonate in today s complex media marketplace

american television has undergone many changes during the last decade a continually declining network share of audience even while the audience for television as a whole increased an escalation in network competition and the increasing popularity of cable television and videocassette recorders what have these changes meant for our most powerful mass medium in the evolution of american television george comstock goes beyond his seminal work television in america to explore the vast changes in television in recent years comstock examines television as not simply entertainment nor information but an institution that is some of both at all times and an enormous influence on american lives

the president of public television s flagship station and a longtime senior cbs executive reveals the surprising reasons today s television programs are so bad written by insiders who have played on both sides of the programming game down the tube is a sweeping examination of the history of television and an important indictment of the mercenary mentality that taints the most powerful medium in the world

this work brings together writings on television published in quarterly review of film and video from essays by nick browne and beverle houston to the latest historical and critical research it considers television s economics technologies forms and audiences from a cultural perspective that links history theory and criticism the authors address several key issues the formative period in american television history the relation between television s political economy and its cultural forms gender and melodrama and new technologies such as video games and camcorders originally published in 1993

mixing scholarship and nostalgia this volume examines how american society has shaped and been shaped by television

this work examines the practices of mgm paramount 20th century fox rko warner bros universal united artists and columbia how they came to dominate the film industry and the role the us government has played in advancing their hold

although limited in focus to the role of women in and on television this work is notable for unearthing the more obscure personalities and programs not covered by other television encyclopedias includes bibliography several appendixes and a subject index book jacket

although the decline of network television in the face of cable was a crisis in television history john caldwell finds that it spawned new production initiatives to reassert network authority caldwell s classic volume now available as a handsome volume in the rutgers university press classics imprint calls for desegregation of theory and practice in media scholarship

castleman and podrazik present a sweeping season by season story capturing the essence of television from its inception to the contemporary era of anytime access and online streaming including every prime time fall schedule since 1944 the authors have dug through the mounds of obscure facts offbeat anecdotes and corporate strategies that have made television a multibillion dollar industry watching tv provides a fascinating history of how the personalities popular shows and coverage of key events have evolved across eight decades full of facts firsts insights and exploits as well as rare and memorable photographs watching tv is the standard history of american television this third edition includes coverage up through the mid 2010s and looks ahead to the next waves of change

finalist 2020 latino book awards best academic themed book the surprising effects of american tv on global viewers as a dominant cultural export american television is often the first exposure to american ideals and the english language for many people throughout the world yet american television is flawed and it represents race class and gender in ways that many find unfair and unrealistic what happens then when people who grew up on american television decide to come to the united states what do they expect to find and what do they actually find in america as seen on tv clara e rodríguez surveys international college students and foreign nationals working or living in the us to examine the impact of american television on their views of the us and on their expectations of life in the united states she finds that many were surprised to learn that america is racially and economically diverse and that it is not the easy breezy happy endings culture portrayed in the media but a work culture the author also surveys us millennials about their consumption of us tv and finds that both groups share the sense that american tv does not accurately reflect racial ethnic relations in the us as they have experienced them however the groups differ on how much they think us tv has influenced their views on sex smoking and drinking america as seen on tv explores the surprising effects of tv on global viewers and the realities they and us millennials actually experience in the us

jam packed with hundreds of anecdotes and quotes from in depth interviews with over forty television writers this is the first comprehensive history of writing for american television these writers tell often in wonderfully funny tales of their experiences working with and often fighting with the networks the censors the sponsors the producers and the stars in trying to create shows

castleman and podrazik present a season by season narrative that encompasses the eras of american television from the beginning in broadcast through cable and now streaming they deftly navigate the dizzying array of contemporary choices so that no matter where

you start on the media timeline watching tv provides the context and background to this multi billion dollar enterprise drawing on decades of research the authors weave together personalities popular shows corporate strategies historical events and changing technologies enhancing the main commentary with additional elements that include fall prime time schedule grids for every season date box timelines highlighted key text and selected photos full of facts firsts insights and exploits from now back to the earliest days watching tv is the standard chronology of american television and reading it is akin to channel surfing through history the fourth edition updates the story into the 2020s and looks ahead to the next waves of change this new edition is the first to also be available in a digital format
