at a time of geopolitical tension and mutual distrust the united states and russia must work together in those areas where coordination is critical to global security both to help stabilize the relationship and to buffer against conflict in the future the analyses in this volume examine prospects for russia u s cooperation in several crucial regions and fields economics energy the arctic euro atlantic security the middle east strategic stability cybersecurity and countering terrorism and extremism they offer concrete actionable recommendations in each area

as we move into the post cold war era american and russian leaders need to rethink their basic assumptions about security about foreign policy priorities and about essential political alignments including first and foremost their relationship with one another this volume intended for anyone interested in international affairs as well as for classroom use examines a range of critical issues and their implications for u s russian relations

in recent times us russia relations have deteriorated to what both sides acknowledge is an all time low russian interference in the 2016 us presidential election and putin s continued support for the

assad regime in syria have placed enormous strain on this historically tense and complex relationship in one of the first analyses of the evolving trump putin relationship leading scholar of russian foreign policy andrei p tsygankov challenges the dominant view that us russia relations have entered a new cold war phase russia s us strategy he argues can only be understood in the context of a changing international order while america strives to preserve its global dominance russia the weaker power exploits its asymmetric capabilities and relations with non western allies to defend and promote its interests and to avoid yielding to us pressures focusing on key areas of conflict and mutual convergence from european security to china and the middle east as well as cyber nuclear and energy issues tsygankov paints a nuanced and unsentimental picture of two countries whose ties are likely to remain marked by suspicion and conflict for years to come

in recent times us russia relations have deteriorated to what both sides acknowledge is an all time low russian interference in the 2016 us presidential election and putin s continued support for the assad regime in syria have placed enormous strain on this historically tense and complex relationship in one of the first analyses of the evolving trump putin relationship leading scholar of russian foreign policy andrei p tsygankov challenges the dominant view that us russia relations have entered a new cold war phase russia s us strategy he argues can only be understood in the context of a changing international order while america strives to preserve its global dominance russia the weaker power exploits its asymmetric capabilities and relations with non western allies to defend and promote its interests and to avoid yielding to us pressures focusing on key areas of conflict and mutual convergence from european security to china and the middle east as well as cyber nuclear and energy issues tsygankov paints a nuanced and unsentimental picture of two countries whose ties are likely to remain marked by suspicion and conflict for years to come

between 1867 the year of the alaskan purchase and the beginning of world war i russian and american dignitaries diplomats businessmen writers tourists and entertainers crossed between the two countries in surprisingly great numbers concord and conflict provides the first comprehensive investigation of this highly transformational and fateful era in russian american relations excavating previously unmined russian and american archives norman saul illuminates these fifty significant and open years of association between the two countries he explores the flow and fluctuation of economic diplomatic social and cultural affairs the personal and professional conflicts and scandals and the evolution of each nation s perception of the other

the most detailed study of soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to american industry technology and science

why did the russian take over of crimea come as a surprise to so many observers in the academic practitioner and global citizen arenas the answer presented in this textbook is a complex one rooted in late cold war dualities but also in the variegated policy patterns of the two powers after 1991 the 2014 crisis was provoked by conflicting perspectives over the balkan wars of the 1990s the expansion of nato to include former communist allies of russia as well as three of its former republics the american decision to invade iraq in 2003 and the russian move to invade georgia in 2008 this book uses a number of key theories in political science to create a framework for analysis and to outline policy options for the future it is vital that the attentive public confront the questions raised in these pages in order to control the reflexive and knee jerk reactions to all points of conflict that emerge on a regular basis between america and russia

thinking otherwise addresses the question of what makes a great historian by exploring the teaching and scholarship of walter lafeber widely acclaimed as the most distinguished historian of us foreign relations this volume of essays edited by susan a brewer richard h immerman and douglas little is a testament to a scholar who published more than a dozen books during his time

at cornell university where he delivered legendary lectures for half a century the chapters trace lafeber s journey as a scholar and demonstrate his enduring influence on the history of us foreign relations by linking six of his monographs to his abiding concern about the fate of the american experiment from the 18th century to the present thinking otherwise explains and assesses the scholarship of a historian whose work became canonical in his lifetime and continues to resonate throughout public policy debates

following the 9 11 attacks on america the initial flood of sympathy for america s tragedy soon dried up and was followed by a wide range of opinions offering a fresh view of a contemporary issue this exceptional volume examines the origins of both anti and pro american attitudes within the framework of external causes versus internal causes

for almost half a century the iron curtain had separated americans and russians by barriers of misunderstanding suspicion and alienation the accession of mikhail gorbachev to power in the mid 1980s signalled the beginning of a revolutionary stage in american soviet relations in the course of the following two decades americans and russians would interact to an extent never anticipated and come to call each other partners or even friends the word friendship however is often used superficially this book provides a more profound answer to the question of how from the american perspective the image of and the relationship to russia have changed since the former adversary opened its doors to the west ullmann not only reveals how the american public s attitudes toward russia or the scope of people to people contacts have changed she also analyses to what extent americans have been able to learn about russia in the mass media and to what extent they have been interested in studying russian culture and language
