tell el hesi is located near the modern city of qiryat gat in the southern district of israel 23 kilometers from the mediterranean sea the site which covers 35 40 acres includes both an acropolis and a lower city occupation of the site began as early as the neolithic period and the city grew significantly during the early bronze age before being abandoned until the late bronze age the latest phase of occupation occurred during the hellenistic period the acropolis was in use for almost two thousand years this volume is the first in a new iteration of the joint archaeological expedition to tell el hesi series that builds on previously published volumes it publishes a final report for part of one of tell el hesi s excavation fields a reevaluation of the stratigraphic findings of the original 1891 1892 excavations on tell el hesi based on excavation work from the 1970s and 1980s in depth studies of groups of small finds from the tell and zooarchaeological analyses that widen the investigative perspective to include the region around the tell paying tribute to the long excavation history at tell el hesi the contributors to this volume employ state of the art scientific methods that honor the careful work and findings of a century of excavations hesi after 50 years and 130 years will be an important reference for scholars researching the history and

culture of southern palestine

this report summarises the results of a programme of archaeological investigation carried out between 1980 and 1984 in the immediate vicinity of stonehenge whilst the ceremonial and ritual aspects of this landscape had been extensively studied in the past efforts to trace and analyse the character of prehistoric settlement in the area had not been thoroughly pursued the programme s main objective therefore was to identify prehistoric settlements in the area this it was hoped would lead to strategies for their preservation and management surface collection of finds from a wide area first pinpointed the concentration of prehistoric material and identified areas for more intensive survey both by further fieldwalking and by small scale excavation the project demonstrated that there are traces of considerable neolithic and bronze age domestic and industrial settlement and other activities to add to the framework of funerary and ceremonial monuments which characterise the stonehenge area the concept of this as a landscape reserved solely for ritual is therefore no longer tenable

as we approach the end of the century we are all too familiar with the look of modern america the suburbs the strip malls the glass office towers and especially in the west the prevalence of urban sprawl the area covered by this book includes new mexico colorado texas oklahoma north and south dakota illinois nebraska and wyoming a vast and varied section of the country with remarkably diverse geography elaine freed has covered huge amounts of territory to present this lively and well illustrated study of the architecture and the preservation history of the great plains and rocky mountain west the book is divided into five sections the first part focuses on the vernacular architecture of the region the traditions of native american and spanish dwellings that anglo settlers found and the first makeshift sometimes mobile structures they built including trading posts mills and mining camps forts and ranches the author discusses the railroads and how they made possible the urbanization of the west and how the automobile has altered the landscape the second part focuses on historic preservation as an organized movement in the west using different kinds of preservation to illustrate successes there are chapters on farms and ranches ghost towns main streets neighborhoods and downtowns for anyone concerned with preserving our environment and its architectural and archaeological history this book is an indispensable guide
