this book attempts to understand issues of corporate governance in the case of the public sector units in india

corporate governance has come to prominence in recent years because of the perceived political importance of issues such as executive pay and apparent accounting scandals as might be expected in this frenzied climate politicians have reacted us politicians reacted with particular speed through the passing of the sarbanes oxley act dr elaine sternberg brings some sobriety and clear thinking to the debate in this new and fully revised edition of corporate governance accountability in the marketplace lucidly defining the purposes of corporate governance and analysing different models of corporate regulation the anglo american model allows corporations to fulfil their corporate purposes more effectively than the stakeholder or the german japanese models given that problems of executive pay accounting scandals and so on result in corporations not achieving their proper purposes sternberg finds that a change in the regulatory model cannot be the answer instead she proposes that we should look at the ways in which regulation prevents the anglo american model from working in practice as effectively as it should in theory sternberg shows how a genuine market in corporate governance could be created so that firms had to compete for funds with their mode of governance being one of the attractions to potential shareholders

the ultimate test of board effectiveness is the degree to which an organization achieves its purpose what is corporate governance provides a concise comprehensive overview of what corporations and their directors must do to create an entity that is operationally sound competitively strong and able to address the needs of all of its stakeholders from customers in search of the best products to stockholders entitled to an acceptable return on their investments

this book explores current thinking on corporate governance by way of a detailed study of the governance practices of fourteen japanese companies the author was granted extensive access to these japanese companies as well as to their partner companies their shareholders and their banks and is therefore able to provide a detailed insight into the way that japanese companies are actually governed on a day to day basis the book suggests that current mainstream conceptualizations of corporate governance are inadequate as they do not help to understand the way that these japanese companies are directed and controlled in practice in the majority of cases governance operates through a system which draws on the reciprocal obligations responsibilities and trust generated in everyday interactions at the individual and organizational level the conclusions of the research have important implications not only for our

understanding of the Japanese system of corporate governance but also for international corporate governance policy and research in general. In particular, the book commends greater recognition that alongside the currently dominant concern controlling the behaviour of company managers, the governance of companies might equally be considered in terms of the responsibilities, reciprocal obligations and trust inherent in everyday interactions. The book is equally accessible and relevant to both academics and to those involved with corporate governance issues on a day to day basis, including financial services providers, lawyers, policymakers and company directors.
