the first comprehensive overview of the innovative new discipline of global history until very recently historians have looked at

the past with the tools of the nineteenth century but globalization has fundamentally altered our ways of knowing and it is no longer possible to study nations in isolation or to understand world history as emanating from the west this book reveals why the discipline of global history has emerged as the most dynamic and innovative field in history one that takes the connectedness of the world as its point of departure and that poses a fundamental challenge to the premises and methods of history as we know it what is global history provides a comprehensive overview of this exciting new approach to history the book addresses some of the biggest questions the discipline will face in the twenty first century how does global history differ from other interpretations of world history how do we write a global history that is not eurocentric yet does not fall into the trap of creating new centrism how can historians compare different societies and establish compatibility across space what are the politics of global history this in depth and accessible book also explores the limits of the new paradigm and even its dangers the question of whom global history should be written for and much more written by a leading expert in the field what is global history shows how by understanding the world s past as an integrated whole historians can remap the terrain of their discipline for our globalized present

global and world history address the deep structural changes that have shaped human experience many are material related to environmental and climatic alteration to the domestication of livestock and development of agriculture to technology to disease and to variations in human immunity reproduction and physiology others are social and cultural touching upon issues of migration trade language development and differentiation institutions of enslavement and of freedom traditions of marriage and child rearing the emergence of large scale political organization from early kingdoms to vast empires republics and federations and the management of war and peace to deal with such challenging issues global historians draw upon new techniques of analysis and comparison but they also continue venerable traditions inherited from the earliest civilizations of narrating the past on the most comprehensive and significant scale possible this book examines the long search for an integrated human story and particularly the points at which rapid changes of philosophy and perspective in the twentieth century transformed the historical disciplines it provides the perfect introduction to global history for students and scholars
