this innovative book explores what sociologists gain by treating temporality seriously what we learn from placing social

relations and events in historical context in a series of chapters readers will see how historical sociologists have addressed the origins of capitalism revolutions and social movements empires and states inequality gender and culture the goal is not to present a comprehensive history of historical sociology rather readers will encounter analyses of exemplary works and see how authors engaged past debates and their contemporaries in sociology history and other disciplines to advance our understanding of how societies are created and remade across time pub desc

in popular debates over the influences of nature versus culture on human lives bodies are often assigned to the category of nature biological essential and pre social the oxford handbook of the sociology of body and embodiment challenges that view arguing that bodies both shape and get shaped by human societies as such the body is an appropriate and necessary area of study for sociologists the handbook works to clarify the scope of this topic and display the innovations of research within the field the volume is divided into three main parts bodies and methodology marginalized bodies and embodied sociology sociologists contributing to the first two parts focus on the body and the ways it is given meaning regulated and subjected to legal and medical oversight in a variety of social contexts particularly when the body in question violates norms for how a culture believes bodies ought to behave or appear sociologists contributing to the last part use the bodily as a lens through which to study social institutions and experiences these social settings range from personal decisions about medical treatment to programs for teaching police recruits how to use physical force from social movement tactics to countries understandings of race and national identity the oxford handbook of the sociology of the body also prioritizes empirical evidence and methodological rigor attending to the ways particular lives are lived in particular physical bodies located within particular cultural and institutional contexts many chapters offer extended methodological reflections providing guidance on how to conduct sociological research on the body and at times acknowledging the role the authors own bodies play in developing their knowledge of the research subject

examines the careers and contributions of nine major scholars who have been influential in the development of historical sociology covers the work of marc bloch karl polanyi s n eisenstadt reinhard bendix perry anderson e p thompson charles tilly immanuel wallerstein and barrington moore jr

this book provides a comprehensive overview of the themes that make up the field of historical sociology at its centre is the human individual as related to social and historical development the key question it raises is who or what is

responsible for the process of human history society or the individual

this book argues that history and sociology share the same vital preoccupation the desire to unravel the puzzle of human agency how do large scale social transformations occur and what is the role of the individual in them phil abrams devotes three chapters to the development of industrialism and scrutinizes in that connection the theories of marx weber and durkheim subsequent chapters consider talcott parsons and the debate on convergence the formation of states the idea of the event as a legitimate concern of history and sociology individuals and sociological generations deviancy and revolution and a final chapter on the limits of historical sociology

this volume takes up the idea of multiplicity as a new common ground for international theory bringing together 10 scholars to reflect on the implications of societal multiplicity for areas as diverse as nationalism ecology architecture monetary systems cosmology and the history of political ideas international relations ir it is often said has contributed no big ideas to the interdisciplinary conversation of the social sciences and humanities yet this is an unnecessary silence for ir uniquely addresses a fundamental fact about the human world its division into a multiplicity of interacting social formations this feature is full of consequences for the very nature of societies and for social phenomena of all kinds and in recent years a research programme has emerged within ir to theorise these consequences of multiplicity and to trace how the effects of the international dimension extend into other fields of social life this book is a powerful indication of the contribution that ir may yet make to the human disciplines the chapters in this book were originally published as a special issue of globalizations

includes biographies and topics such as statistics concepts the organization and impact of mass media attitude development and change and selected time series

a succinct primer on how to think critically about society environment interactions

includes sections book reviews and periodical literature

csa sociological abstracts abstracts and indexes the international literature in sociology and related disciplines in the

social and behavioral sciences the database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

a sociology collection reviewing the state of historical study in a wide range of areas while showcasing the use of poststructuralist approaches to studying family gender war protest revolution state making social provisions colonialism trans
