one hundred years before columbus and his fellow europeans began their voyages of discovery fleets of giant junks commanded by the eunuch admiral zheng he and filled with the empire s finest porcelains lacquerware and silk ventured to the world s four corners seven epic expeditions brought china s treasure ships across the china seas and indian ocean from japan to the spice island of indonesia and the malabar coast of india on to the rich ports of the persian gulf and down the east african coast to china s el dorado and perhaps even to australia three hundred years before captain cook s landing it was a time of exploration and expansion but it ended in a retrenchment so complete that less than a century later it was a crime to go to sea in a multimasted ship in when china ruled the seas louise levathes takes a fascinating and unprecedented look at this dynamic period in china s enigmatic history focusing on the country s rise as a naval power that briefly brought half the world under its nominal authority drawing

on eyewitness accounts official ming histories and african arab and indian sources many translated for the first time levathes brings readers inside china s most illustrious scientific and technological era she sheds new light on the historical and cultural context in which this great civilization thrived as well as the perception of china by other contemporary cultures beautifully illustrated and engagingly written when china ruled the seas is the fullest picture yet of the early ming dynasty the last flowering of chinese culture before the manchu invasion

china will replace the united states as the world s dominant power in so doing it will not become more western but the world will become more chinese jacques argues that we cannot understand china in western terms but only through its own history and culture to this end he introduces a powerful set of ideas including china as a civilization state the tributary system the chinese idea of race a very different concept of the state and the principle of contested modernity first published in 2009 to widespread critical acclaim and controversy when china rules the world the end of the western world and the rise of a new global order has sold a quarter of a million copies been translated into eleven languages nominated for two major literary awards and has been the subject of an immensely popular ted talk in the three years since the first edition was published the book has transformed the debate about china worldwide and proved remarkably prescient in this greatly expanded and fully updated paperback edition with nearly three hundred pages of new material backed up by the latest statistical data martin jacques renews his assault on conventional thinking about china s ascendancy showing how its impact will be as much political and cultural as economic thereby transforming the world as we know it martin jacques is one of britain s foremost public intellectuals a visiting senior research fellow at ideas the london school of economics centre for diplomacy and grand strategy a visiting professor at tsinghua university beijing and a fellow of the transatlantic academy washington dc martin jacques is widely respected as a leading global expert on what could prove to be the most important geopolitical event of the past 200 years the rise of china he was editor of marxism today from 1977 until the journal s closure in 1991 and has also worked as deputy editor of the independent he has been a columnist for the times the guardian the observer and the new statesman as well as writing for international publications such as the financial times economist new york times international herald tribune daily beast volkskrant corriere della sera l unita south china morning post and folha des paulo

making predictions that china will supplant the west as an economic superpower a cautionary analysis makes predictions about cultural political and ethnic changes facing the near future while evaluating china s anti globalization stance and dubious capacity for maintaining world peace

examining developments following hong kong s return to chinese sovereignty this book argues that genuine autonomy from the central government in beijing is impossible without a democratic system in hong kong
