join the chinese admiral and his crew as they battle pirates and raging storms in this beautifully illustrated chinese history book for kids did you know that 85 years before columbus discovered america chinese ships longer than a football field sailed thousands of miles through unknown oceans and visited more than 30 nations it s true adventures of the treasure fleet china discovers that world is the amazing story of these seven epic voyages and their larger than life commander admiral zheng he beginning in 1405 admiral zheng he led more than 300 gigantic brightly painted ships across the south china sea to the indian ocean and all the way to the distant coast of africa the admiral and his crew battled pirates and raging storms and were amazed by the people and ways of life in distant lands at each port chinese goods were traded for pearls precious stones herbs and medicines which were given as tribute to china s powerful emperor when the ships returned home filled with historical facts adventures of the treasure fleet brings a fantastic

piece of history to life gracefully told and beautifully illustrated the story's fast pace will keep young ones captivated while offering enough information to satisfy curious readers of all ages

one hundred years before columbus and his fellow europeans began their voyages of discovery fleets of giant junks commanded by the eunuch admiral zheng he and filled with the empire's finest porcelains lacquerware and silk ventured to the world's four corners seven epic expeditions brought china's treasure ships across the china seas and indian ocean from japan to the spice island of indonesia and the malabar coast of india on to the rich ports of the persian gulf and down the east african coast to china's el dorado and perhaps even to australia three hundred years before captain cook's landing it was a time of exploration and expansion but it ended in a retrenchment so complete that less than a century later it was a crime to go to sea in a multimasted ship in when china ruled the seas louise levathes takes a fascinating and unprecedented look at this dynamic period in china's enigmatic history focusing on the country's rise as a naval power that briefly brought half the world under its nominal authority drawing on eyewitness accounts official ming histories and african arab and indian sources many translated for the first time levathes brings readers inside china's most illustrious scientific and technological era she sheds new light on the historical and cultural context in which this great civilization thrived as well as the perception of china by other contemporary cultures beautifully illustrated and engagingly written when china ruled the seas is the fullest picture yet of the early ming dynasty the last flowering of chinese culture before the manchu invasion

from new york times bestselling author laurence bergreen and author sara fray comes this immaculately researched history for young readers detailing the life of zheng he his complex and enduring friendship with his emperor and the epic seven voyages he led that would establish china as a global power 1405 the central coast of china at nearly seven feet tall admiral zheng he looked out at the sea before him for the next three decades the oceans would be his home as he would command over 1 500 ships and thousands of sailors in seven journeys that would predate the heart of the european age of exploration over his seven epic journeys zheng he explored the northern pacific and indian oceans traveling as far as the east coast of africa expanding chinese power globally warring with pirates and capturing enemies along the way in the name of his emperor zhu di but this giant figure was not always at the helm of a ship

the story of the expeditions of spanish explorers told through the history of the first american currency pieces of eight

admiral zheng he is a historical figure in china and a great explorer in the history of navigation undertook a total of seven epic voyages between 1405 and 1433 spanning over 30 countries throughout the south pacific and the indian ocean these historic voyages are the largest maritime expeditions in world history some speculate that the fleet circumnavigated and mapped the world including america a century before magellan uniquely organized as a travel guide the book is invaluable to historians scholars as well as

modern day visitors to these sites

after rebel forces seize the chinese royal city of nanjing in 1403 thirteen year old shen and his younger sister chang take refuge with a traveling acrobat troupe who gains passage on a vast fleet of ships setting sail to explore the world

the book sets out to explore the economic motivations of imperial expansion under capitalism this undoubtedly is related to two fundamental research questions in economic sciences first what factors explain the divergence in living standards across countries under the capitalist economic system second what ensures internal and external stability of the capitalist economic system the book adopts a unified approach to address these questions using the standard growth model it shows that improvements in living standards are dependent on access to raw materials labour capital technology and perhaps most importantly economies of scale empires ensure scale economy through guaranteed access to markets and raw materials the stability of the system depends on growth and distribution and it is not possible to have one without the other however the quest for growth and imperial expansion implies that one empire invariably comes into conflict with another this is perhaps the most unstable and potentially dangerous characteristic of the capitalist system using extensive historical accounts the book shows that this inherent tension can be best managed by acknowledging mutual spheres of influence within the international system along the lines of the 1815 vienna congress this timely publication addresses not only students and scholars of economics geography political science and history but also general readers interested in a better understanding of economic development international relations and the history of global capitalism

a story is a short story romance about hope returns set in the time of the chinese treasure fleets of exploration and discovery seeking new lands and tribute from the people of those lands this is the second in the series of short stories about those journeys the main character the scholar scribe of the fleets seeks to return to the woman he loves she was left with his child in her belly when the master admiral of the treasure fleet decided to leave her at the last place they had journeyed too during their absence one from the other they have written poems and letters for each other wondering if they will ever be read by the one they love based on the theory that chinese treasure fleets sailed forth in time before columbus to map and chart the stars the oceans and the lands read and enjoy the poems are written by the author and can be found in complete volumes

an entrancing tale of piracy colored with gold treachery and double dealing portland press herald pulitzer prize finalist colin woodward s the republic of pirates is the historical biography of the exploits of infamous caribbean buccaneers in the early eighteenth century the pirate republic was home to some of the great pirate captains including edward blackbeard teach black sam bellamy and charles vane along with their fellow pirates former sailors indentured servants and runaway slaves this flying gang established a crude but distinctive democracy in the bahamas carving out their own zone of freedom in which servants were free blacks could be equal citizens and leaders were chosen or deposed by a vote they cut off trade routes sacked slave ships and severed europe from its new world empires for a brief glorious period the republic was a success as the pirates became

heroes in the eyes of the people drawing on extensive research in the archives of britain and the americas award winning author colin woodard tells the dramatic untold story of the pirate republic that shook the very foundations of the british and spanish empires and fanned the democratic sentiments that would one day drive the american revolution
