this volume makes a systematic theological statement in light of the unique revelation of god and humankind that has come to us in jesus the messiah as recorded in scripture it is the companion to the author s jesus christ our lord 1987 1990 there are chapters on jesus christ as the lens through which we receive theological insight revelation god humanity the holy spirit the church and last things all understood through god s self disclosure in christ from within the anabaptist theological tradition kraus offers a biblically oriented alternative to rationalistic orthodoxy and to liberalism he takes scripture as the normative witness to the meaning of christ the authoritative source for theological reflection and thus makes a thoroughly evangelical statement yet this evangel begins with salvation as newness of life in resurrection with christ not simply as juridical justification the emphasis is on god as source of creative potential rather than on god as instigator of legal judgment christ the second adam the truest image of god is both the climax of creation and the means through which humanity can attain that image and respond to god in personal relationship kraus views the holy spirit as the enlivening presence of the risen christ the church as the continuing saving mission of christ and eschatology as the victory of christ over the

powers of evil and death

how does god relate to us what does he want from us and how do we relate to god those questions and many more are woven throughout the many books of the bible in the form of histories parables poetry stories and theological discourse john m masciale draws on his expertise writing software to pore through the intricacies of the bible in the lord project using computer search algorithms the author ties together the threads of the bible on a variety of themes searching for significant words around the phrase the lord as well as the significant words surrounding father jesus christ and spirit much more than a topical bible or a concordance this book compiles verses about god s nature and other essential themes chapters are organized topically so you can focus on the subjects you care about the most no matter what your education level or profession if you are a student of the bible want to understand its teachings and move closer to the lord this book will help you achieve your goals

this catechism is divided into three parts the first part treats of faith the second of morals the third of the means of grace in the first part our lord appears in his character of teacher in the second in his character of king and in the third in his character of high priest and since this catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man s high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many this catechism is in fact nothing more nor less than an abstract of our lord s teaching and may be called a guide book for the christian on the road to heaven preface
