most people are both repelled and intrigued by the images of cold blooded conscienceless murderers that increasingly populate our movies television programs and newspaper headlines with their flagrant criminal violation of society's rules serial killers like ted bundy and john wayne gacy are among the most dramatic examples of the psychopath individuals with this personality disorder are fully aware of the consequences of their actions and know

the difference between right and wrong yet they are terrifyingly self centered remorseless and unable to care about the feelings of others perhaps most frightening they often seem completely normal to unsuspecting targets and they do not always ply their trade by killing presenting a compelling portrait of these dangerous men and women based on 25 years of distinguished scientific research dr robert d hare vividly describes a world of con artists hustlers rapists and other predators who charm lie and manipulate their way through life are psychopaths mad or simply bad how can they be recognized and how can we protect ourselves this book provides solid information and surprising insights for anyone seeking to understand this devastating condition

is there a mild psychopath near you or in you if so what can and should you do find out in this riveting exploration of a personality disorder usually dismissed by the mental health profession and never before the topic of in depth scholarly exploration we all recognize the true full blown psychopaths the hitlers stalins and gacys of the world but what professionals and lay people alike often do not recognize is that we are surrounded by mild psychopaths people who do not reach the level of their infamous counterparts yet still share some of their traits fifteen time author kantor a psychiatrist whose last work understanding paranoia also zeroed in on everyday problems explains how to recognize understand and cope with the mild psychopaths one encounters every day who are these everyday psychopaths they are politicians who lie to get votes swindlers who phish the internet to steal identities salesmen who push cars or other products they know are lemons businessmen who dupe the public in ways that barely skirt the law doctors who perform unnecessary surgery because they need the money the list goes on some would argue that each of us must use some of the means of the mild psychopath to be successful in life where is the line and what do you do when those around you cross it the psychopathy of everyday life helps you decide kantor spotlights and disproves widely held beliefs about mild psychopathy then shows us methods to deal with such people and such traits in ourselves his conclusions and vignettes drawn from the treatment room and from everyday life for example show that psychopathy is a widespread problem not one confined to low life people in jails or to men and women in mental hospitals psychopaths are not all failures in life who could be labled either bad or mad many are quite successful and held up as models and they are not all guilt free with no conscience some do want to escape their aggressive and socially harmful world where being honest forthright and ethical is abnormal kantor offers an eclectic approach based on classic therapies to facilitate help and self help methods for the victim and the psychopath

the question of why and how certain individuals are drawn towards behaving in a way that contravenes the law of the land is not an easy one to address researchers from various different fields have nevertheless attempted to develop theoretical explanations for the

existence of different types of crime and why some individuals commit such acts crime and criminality draws on criminology sociology psychology and neuroscience to offer a balanced perspective of crime the criminal and criminality coverage includes a comprehensive discussion of theoretical approaches to criminal behaviour including biological social and rational choice approaches an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal an examination of different types of crime and criminals from delinquents to psychopaths and sex offenders an exploration of different ways in which crime is predicted including risk assessment and offender profiling and an overview of investigative techniques addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality this book is essential reading for students taking courses in criminology criminal psychology criminal behaviour forensic psychology and psychological criminology

psychopathy remains one of the least understood personality disorders and one of the most intransigent to therapeutic amelioration encompassing all the significant viewpoints regarding the nature of psychopathic personalities this volume surveys current typologies and treatment approaches

this edition features a multicultural perspective and focuses on the application of psychological knowledge and research new coverage in this edition includes relationships between mental disorders and crime and violence sexual deviance death penalty mitigation restorative justice initiatives arson and typologies of juvenile fire setters sexual harassment and criminal sentencing

current perspectives in forensic psychology and criminal justice is a dynamic reader that provides cutting edge research in police and correctional psychology the psychology of crime and victimization and psychology as applied to criminal and civil courts addressing key topics in each of three major course areas criminal behavior forensic psychology and psychology and law the book highlights how forensic psychology has contributed to the understanding of criminal behavior and crime prevention editors curt r bartol and anne m bartol have assembled published journal articles as well as commentaries written specifically for this book by forensics experts to provide an overview of the wide array of prevalent theories in this field
