digital badges are gaining traction in the education landscape and librarians have been some of the leading pioneers at the forefront of this exciting new frontier this book provides examples of how badges are being used to enhance and invigorate the teaching and assessment of information literacy chapters provide inspiration for teaching librarians interested in providing an engaging experience for their students gaining insight into this growing innovative technology trend discovering how librarians are using badges to enhance their teaching forming meaningful collaborations with faculty and teachers developing knowledge about badge system design and badging platforms learning how badges can motivate support and celebrate learning achievements launching a badging project the book is divided into two sections the first section explores the environment in which

badges are being developed in particular situating them within the current educational setting and provides guidelines on how best to create a badging program the second section details contributing authors firsthand experiences creating implementing and refining digital badges and digital badging systems in some cases collaborating with teachers and faculty these chapters provide a wealth of ideas about using digital badges in academic and school libraries to engage and motivate students

published by the boy scouts of america for all bsa registered adult volunteers and professionals scouting magazine offers editorial content that is a mixture of information instruction and inspiration designed to strengthen readers abilities to better perform their leadership roles in scouting and also to assist them as parents in strengthening families

libraries of all types have undergone significant developments in the last few decades the rate of change in the academic library a presence for decades now has been increasing in the first decade of this century it is no exaggeration to claim that it is undergoing a top to bottom redefinition in this second volume of the series creating the 21st century academic library we explore the initiatives in student learning and training that are underway in our academic libraries the 13 chapters range from librarians redesigning the space in the library in order to assume control of the campus bookstore to implementing a mooc where the problems of providing material to potentially thousands of students taking an online course must somehow overcome copyright restrictions a chapter describes how the ipad has become the chosen delivery mechanism for a rich array of resources that finally begin to reflect the educational potential of the digital world another chapter tells how a collaboration creates an audio archive to enrich the experiences of patrons and raise the visibility of the special collections unit on campus gamification plays a role in two chapters and active learning is featured in another that employs the technologies of interactive whiteboards clickers and wireless slates these approaches employing new technologies and terminology signal that we have begun a new era in the definition and design of the academic library we can t expect the redefined academic library to assume its final shape any time soon if ever but the transformation is well underway
