when the united states entered world war i president woodrow wilson declared to congress that the objective was not merely to bring a new balance of power but rather to bring a just and secure peace to the world by the end of the conflict in this famous speech known as the fourteen points wilson offered the world a road map toward a more equitable international system in the midst of unprecedented global conflict including ideas on the interconnectedness of democracy trade and the concept of a forum for peaceably resolving international disputes even decades after the end of the first world war wilson s ideas remained important and influenced many of his successors but now in the twenty first century there are forces at work in the world that wilson could never have imagined and those forces call for a new plan toward peace in fourteen points for the twenty first century a renewed appeal for cooperative internationalism richard h immerman and jeffrey a engel bring together a diverse group of thinkers who take up wilson s call for a new world order by exploring fourteen new directions for the twenty first century the contributors scholars policymakers entrepreneurs poets doctors and scientists propose solutions to contemporary challenges such as migration global warming health care food security and

privacy in the digital age taken together these points challenge american leaders and policymakers to champion an international effort not to make america great again but to work cooperatively with other nations on the basis of mutual respect

this is a collection of original essays by leading conrad scholars that rereads conrad in light of his representations of post colonialism of empire imperialism and of modernism questions that are once again relevant today

to what degree can the philosophy of cornelius castoriadis help analyze and evaluate our current social reality in relation to the project of autonomy how meaningful is his political proposition for direct democracy in the 21st century what significance do the concepts of social time and social space have in the determination of political freedom castoriadis and autonomy in the 21st century presents basic concepts of castoriadian philosophy including the social historical plane ontological creativity and social and individual time that provide the theoretical tools to evaluate the historical phenomena of our era drawing from greece s own turbulent past and the current global crisis to reveal new significances of social freedom global solidarity and movements of direct democracy this book explores social autonomy and human freedom today through critical dialogue with castoriadis ideas

the routledge companion to art and activism in the twenty first century brings together a wide range of geographical cultural historical and conceptual perspectives in a single volume of new essays that facilitate a deeper understanding of the field of art activism as it stands today and as it looks towards the future the book is a resource for multiple fields including art activism socially engaged art and contemporary art that represent the depth and breadth of contemporary activist art worldwide contributors highlight predominant lines of inquiry uncover challenges faced by scholars and practitioners of activist art and facilitate dialogue that might lead to new directions for research and practice the editors hope that the volume will incite further conversation and collaboration among the various participants practitioners and researchers concerned with the relationship between art and activism the audience includes scholars and professors of modern and contemporary art students in both graduate and upper level undergraduate programs as well as artists curators and museum professionals each chapter can stand on its own making the companion a flexible resource for students and educators working in art history museum studies community practice socially engaged art political science sociology and ethnic and cultural studies chapter 17 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 4 0 license available at taylorfrancis com

so much has changed during the past decade in political campaigning that we can almost say it s a whole new ball game this book analyzes the way campaigns were traditionally run and the extraordinary changes that have occurred in the last decade dennis w johnson looks at the most sophisticated techniques of modern campaigning micro targeting online fundraising digital communication the new media and examines what has changed how those changes have dramatically transformed campaigning and what has remained fundamentally the same despite new technologies and communications campaigns are becoming more open and free wheeling with greater involvement of activists and average voters alike but they can also become more chaotic and difficult to control campaigning in the twenty first century presents daunting challenges for candidates and professional consultants as they try to get their messages out to voters ironically the more open and robust campaigns become the greater is the need for seasoned flexible and imaginative professional consultants

this text offers a comprehensive examination of the many aspects of the main world religions the book contains key information and statistics and covers topics including messengers scriptures
