this is a qualitative historical study of the united states
national security and foreign policies which encompasses global
functional and regional policies and their long term and short
term impacts on the various theaters of operations

the modern trajectory of middle eastern east asian interactions
has garnered very little scholarly attention and scrutiny the two
way connection between both regions have witnessed a litany of
activities and developments over the past several decades but such
dynamics are yet to be investigated sufficiently in tandem with
their overall impacts on the world s safety and well being aiming
to fill part of this acute research gap east asia s strategic
advantage in the middle east concentrates primarily on different
aspects of east asia s modern relationship with the middle east by
turning the spotlight on strategic advantages of east asian
countries in critical areas in the region over the past several
years there have been a slew of talks and debates about the
formation of strategic ties between the east asian states and
their counterparts across the middle east region however east asia
s advantage of strategic nature has been there for decades shaping
the contours of an increasingly multifaceted chain of interactions
involving the two sides the more other stakeholders western powers
in particular made serious attempts to secure their precious
assets in the middle east the larger east asia s strategic
advantage in the region grew
