secrets played a central role in transformations in medical and scientific knowledge in early modern europe as a new fascination with novelty began to take hold from the late fifteenth century europeans thirsted for previously unknown details about the natural world new plants animals and other objects from nature new recipes for medical and alchemical procedures new knowledge about the human body and new facts about the way nature worked these secrets became popular items of commerce and trade as the quest for new and exclusive bits of information met the vibrant early modern marketplace whether disclosed widely in print or kept more circumspect in manuscripts secrets helped drive an expanding interest in acquiring knowledge throughout early modern europe bringing together international scholars this volume provides a pan european and interdisciplinary overview on the topic each essay offers significant new interpretations of the role played by secrets in their area of specialization chapters address key themes in early modern history and the history of medicine science and technology including the possession circulation and exchange of secret knowledge across europe alchemical secrets and laboratory processes patronage and the upper class market for secrets medical secrets and the emerging market for proprietary medicines secrets and cosmetics secrets and the body and finally gender and secrets

how eighteenth century literature depended on misinterpretation and how this still shapes the

way we read reading it wrong is a new history of eighteenth century english literature that explores what has been everywhere evident but rarely talked about the misunderstanding muddle and confusion of readers of the past when they first met the uniquely elusive writings of the period abigail williams uses the marginal marks and jottings of these readers to show that flawed interpretation has its own history and its own important role to play in understanding how why and what we read focussing on the first half of the eighteenth century the golden age of satire reading it wrong tells how a combination of changing readerships and fantastically tricky literature created the perfect grounds for puzzlement and partial comprehension through the lens of a history of imperfect reading we see that many of the period s major works by writers including daniel defoe eliza haywood mary wortley montagu alexander pope and jonathan swift both generated and depended upon widespread misreading being foxed by a satire coded fiction or allegory was like wordle or the cryptic crossword a form of entertainment and perhaps a group sport rather than worrying that we don t have all the answers we should instead recognize the cultural importance of not knowing

from mystic revelations to esoteric codes here for the first time is a history of the world based upon the beliefs of the secret societies a radical re interpretation of human existence and a view of the world previously hidden from us publisher s description

although the emergence of the english novel is generally regarded as an eighteenth century phenomenon this is the first book to be published professing to cover the eighteenth century english novel in its entirety this handbook surveys the development of the english novel during the long eighteenth century in other words from the later seventeenth century right through to the first three decades of the nineteenth century when with the publication of the novels of jane austen and walter scott the novel finally gained critical acceptance and assumed the position of cultural hegemony it enjoyed for over a century by situating the novels of the period which are still read today against the background of the hundreds published between 1660 and 1830 this handbook not only covers those masters and mistresses of early prose fiction such as defoe richardson fielding Sterne Burney Scott and Austen who are still acknowledged to be seminal figures in the emergence and development of the english novel but also the significant number of recently rediscovered novelists who were popular in their own day at the same time its comprehensive coverage of cultural contexts not considered by any existing study but which are central to the emergence of the novel such as the book trade and the mechanics of book production copyright and censorship the growth of the reading public the economics of culture both in London and in the provinces and the re printing of popular fiction after 1774 offers unique insight into the making of the english novel

almost every social system throughout history has produced its secret societies here is a unique study of such societies from earliest recorded times to the present along with an analysis of their forms rituals and beliefs the author has traveled extensively to gather documentation the charcoal burners of Italy the castrators of Russia the old man of the mountains and the gnostics are but a few of the many described
