since it was first published in 1993 the sourcebook for research in music has become an invaluable resource in musical scholarship the balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians the introductory chapter includes a

comprehensive list of bibliographical terms with definitions bibliographic terms in german french and italian and the plan of the library of congress and the dewey decimal music classification systems integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology these enhancements to its already extensive bibliographies ensures that the sourcebook will continue to be an indispensable reference for years to come

the moravians or bohemian brethren early protestants who settled in pennsylvania and north carolina in the eighteenth century brought a musical repertoire that included hymns sacred vocal works accompanied by chamber orchestra and instrumental music by the best known european composers of the day moravian composers mostly pastors and teachers trained in the styles and genres of the haydn mozart era crafted thousands of compositions for worship and copied and collected thousands of instrumental works for recreation and instruction the book s chapters examine sacred and secular works both for instruments including piano solo and for voices the music of the moravian church demonstrates the varied roles that music played in one of america s most distinctive ethno cultural populations and presents many distinctive pieces that performers and audiences continue to find rewarding contributors alice m caldwell c daniel crews lou carol fix pauline m fox albert h frank nola reed knouse laurence libin paul m peucker and jewel a smith nola reed knouse director of the moravian music foundation since 1994 is active as a flautist composer and arranger she is the editor of the collected wind music of david moritz michael

learning to read and write music is very similar to learning a new language music theory is the study of the fundamental elements of music and how it is written music theory for beginners was developed for anyone interested in learning to read and write music a task that can be quite daunting for novices this book however will allay any fears and set you on the path to learning what all those dots lines and symbols actually mean it provides the necessary scholarly muscle to entice and inform the reader yet it does not require any prior knowledge of music or force the reader to wade through hundreds of pages of jargon and details whether your goal is to gain a cursory understanding of music become fluent in reading music or start composing your own music this text will provide everything you need for a solid foundation in music theory anyone can pick up music theory for beginners and instantly start learning about and understanding music theory

in musical instruments carl engel embarks on an expansive odyssey through the melodic landscape of human history guiding readers through a resonant anthology of musical

craftsmanship the prose harmonizes the narrative charm of a storyteller with the precision of a historian setting a rhythm that traverses global cultures and epochs engel's work resonates with scholarly acuity embracing an interdisciplinary approach to explore the sociocultural significance and evolution of musical tools each chapter reveals a symphony of innovation detailing the intricacies of woodwinds strings percussion and brass through artful descriptions and immersive storytelling grounded in the context of anthropological and ethnomusicological study engel himself a noted musicologist and historian assembles a text that reflects his profound understanding and extensive research this book materializes from a lifetime spent in the service of music's rich and multifarious heritage engel's expertise shines through as he deciphers iconography and written records to retell the story of music through the very instruments that have shaped its voice his passion for music history and cultural exchange acts as the underlying melody that sustains this comprehensive exploration this seminal work is instrumental for both academics and music enthusiasts engel's musical instruments strings together a timeless narrative that is as informative as it is evocative it is recommended for those seeking to deepen their understanding of music's universal language and its profound impact across the fabric of human experience engel's contribution to musical literature is undeniably a key reference point for linguists historians and musicians alike harmonizing the past with the present in the concert hall of our global heritage

an index to music in selected historical anthologies of western art music is the essential reference for music history and music theory instructors for finding specific listings and details for all the pieces included in more than 140 anthologies published between 1931 and 2016 containing over 5 000 individual listings this concise book is an indispensable tool for teaching music history and theory since many anthologies exist in multiple editions this index provides instructors students and researches with the means to locate specific compositions in both print and online anthologies this book includes listings by composer and title as well as indexes of authors titles and first lines of text for music from antiquity through the early twenty first century

postgraduate research in music a step by step guide to writing a thesis is an essential text for music students who are undertaking postgraduate research unique in its approach and scope this is a how to book a practical guide that sets out step by step how to write a thesis it aims to equip students with the skills and knowledge required for postgraduate music research in any subdiscipline to consider all aspects of the research process and to provide a teaching framework for music lecturers

a passage from the book this book has a purpose which is as simple as it is plain and an unpretentious scope it does not aim to edify either the musical professor or the musical scholar

it comes into the presence of the musical student with all becoming modesty its business is with those who love music and present themselves for its gracious ministrations in concert room and opera house but have not studied it as professors and scholars are supposed to study it is not for the careless unless they be willing to inquire whether it might not be well to yield the common conception of entertainment in favor of the higher enjoyment which springs from serious contemplation of beautiful things but if they are willing so to inquire they pg 4 shall be accounted the class that the author is most anxious to reach the reasons which prompted its writing and the laying out of its plan will presently appear for the frankness of his disclosure the author might be willing to apologize were his reverence for music less and his consideration for popular affectations more but because he is convinced that a love for music carries with it that which so it be but awakened shall speedily grow into an honest desire to know more about the beloved object he is willing to seem unamiable to the amateur while arguing the need of even so mild a stimulant as his book and ingenuous mayhap even childish to the professional musician while trying to point a way in which better appreciation may be sought
