foundations of qualitative research introduces key theoretical and epistemological concepts replete with historical and current real world examples author jerry w willis provides an invaluable resource to guide the critical and qualitative inquiry process written in an accessible and non intimidating style that brings these otherwise difficult concepts to life

presenting examples of how literary accounts can provide a supplement to our understanding of science in law this book

challenges the view that law and science are completely different it focuses on stories which explore the relationship between law and science especially cultural images of science that prevail in legal contexts contrasting with other studies of the transfer and construction of expertise in legal settings this book considers the intersection of three interdisciplinary projects law and science law and literature and literature and science looking at the appropriation of scientific expertise into law from these perspectives this book presents an original introduction into how we can gain insight into the use of science in the courtroom and in policy and regulatory settings through literary sources

critical expressivism is an ambitious attempt to re appropriate intellectual territory that has more often been charted by its detractors than by its proponents indeed as peter elbow observes in his contribution to this volume as far as i can tell the term expressivist was coined and used only by people who wanted a word for people they disapproved of and wanted to discredit the editors and contributors to this collection invite readers to join them in a new conversation one informed by a belief that the term expressivism continues to have a vitally important function in our field

ancient non greek rhetorics contributes to the recovery and understanding of ancient rhetorics in non western cultures and other cultures that developed independently of classical greco roman models contributors analyze facets of the rhetorics as embedded within the particular cultures of ancient china egypt mesopotamia the ancient near east more generally israel japan india and ancient ireland
