writing assignments across the university curriculum as a whole asks and answers these questions what kinds of documents do students write in a wide range of university degree programs in canada how do instructors structure those writing assignments that is who is the audience for the assignments do students get formative feedback as they develop their documents do the patterns we found in a small liberal arts college graves hyland and samuels 2010 occur in other kinds of universities we took our cue from an article by anson and dannels 2009 who pointed us toward the idea that students experience a curriculum through their degree progress in an academic program consequently we needed to map the writing assignments according to how different departments organized these degree programs results that were organized by curricular unit departments faculties or colleges or programs units were more significant than general statistics because students would progress through these courses to a degree several chapters in the book describe how this kind of curricular mapping provided a spark for curricular reform in engineering education and an entire small university the last two chapters report on the instructors perspective on their assignments what they were intending to do and why they both resisted and engaged in curricular discussions

twenty original classroom tested assignments this innovative collection of college writing assignments explores the practical applications of each lesson drawing upon current best practices each chapter includes a discussion of the rationale behind the assignment along with

supplemental elements such as guidelines for evaluation prewriting exercises and tips for avoiding common pitfalls the assignments are designed for a range of courses from first year composition to upper division writing in various disciplines

this text presents strategies and approaches to allow the reader to gain more control over his or her academic writing in a higher education environment this edition includes more detailed consideration of plagiarism and careful use of source material

in assignments across the curriculum dan melzer analyzes the rhetorical features and genres of writing assignments through the writing to learn and writing in the disciplines perspectives presenting the results of his study of 2 101 writing assignments from undergraduate courses in the natural sciences social sciences business and humanities in 100 postsecondary institutions in the united states assignments across the curriculum is unique in its cross institutional breadth and its focus on writing assignments the results provide a panoramic view of college writing in the united states melzer s framework begins with the rhetorical situations of the assignments the purposes and audiences and broadens to include the assignments genres and discourse community contexts among his conclusions is that courses connected to a writing across the curriculum wac initiative ask students to write more often in a greater variety of genres and for a greater variety of purposes and audiences than non wac courses do making a compelling case for the influence of the wac movement melzer s work also reveals patterns in the rhetorical situations genres and discourse communities of college writing in the united states these larger patterns are of interest to wac practitioners working with faculty across disciplines to writing center coordinators and tutors working with students who bring assignments from a variety of fields to composition program administrators to first year writing instructors interested in preparing students for college writing and to high school teachers attempting to bridge the gap between high school and college writing
