this is an open access book the 2022 3rd international conference on big data and informatization education icbdie2022 was held on april 8 10 2022 in beijing china icbdie2022 is to bring together innovative academics and industrial experts in the field of big data and informatization education to a common forum the primary goal of the conference is to promote research and developmental activities in big data and informatization education and another goal is to promote scientific information interchange between researchers developers engineers students

and practitioners working all around the world the conference will be held every year to make it an ideal platform for people to share views and experiences in international conference on big data and informatization education and related areas

this book presents a vital compendium of research detailing the latest case studies architectures frameworks methodologies and research on digital democracy provided by publisher

this handbook brings together a collection of leading international authors to reflect on the influence of central contributions or classics that have shaped the development of the field of public policy and administration the handbook reflects on a wide range of key contributions to the field selected on the basis of their international and wider disciplinary impact focusing on classics that contributed significantly to the field over the second half of the 20th century it offers insights into works that have explored aspects of the policy process of particular features of bureaucracy and of administrative and policy reforms each classic is discussed by a leading international scholars they offer unique insights into the ways in which individual classics have been received in scholarly debates and disciplines how classics have shaped evolving research agendas and how the individual classics continue to shape contemporary scholarly debates in doing so this volume offers a novel approach towards considering the various central contributions to the field the handbook offers students of public policy and administration state of the art insights into the enduring impact of key contributions to the field

what explains differences in the lobbying behaviour of interest groups and what consequences do these differences have for the access that interest groups can gain to decision makers and the influence that they can exert on policy outcomes building on an unprecedented amount of empirical evidence on lobbying in europe this book puts forward a distinction between lobbying insiders and lobbying outsiders lobbying insiders most prominently business interests try to establish direct contacts with decision makers enjoy good access to executive institutions and manage to shape policy outcomes when mobilizing the public on an issue is difficult lobbying outsiders in particular citizen groups such as consumer environmental or health non governmental organizations put greater emphasis on mobilizing the public or changing public attitudes find it easier to gain access to legislative decision makers and have the greatest impact on outcomes on issues that are amenable to an outside lobbying campaign the book shows that a single argument building on group type as the main variable can explain variation across interest groups in their choice of strategy their access to decision makers and the conditions under which they can exert influence the existence of lobbying insiders and lobbying outsiders has important implications for both our understanding of political decision making and the normative appraisal of contemporary democracy

the american welfare state has long been a source of political contention and academic debate this oxford handbook pulls together much of our current knowledge about the origins development functions and challenges of american social policy after the introduction the first substantive part of the handbook offers an historical overview of u s social policy from the colonial era to the present this is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of u s social policy the three following parts of the

volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans the final part of the book focuses on some of the consequences of the u s welfare state for poverty inequality and citizenship many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to u s policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations the contributing authors are experts from political science sociology history economics and other social sciences

political sociology is the interdisciplinary study of power and the intersection of personality society and politics the field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines the contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published this approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover the purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society this area of research encompasses a wide variety of perspectives and methods that span social science disciplines the handbook is designed to reflect that diversity in content method and focus in addition it will cover developments in the developed and underdeveloped worlds
